Leadership Development

At Lindenwood we believe every student has the potential to be a leader in the classroom, on campus, and in their community. To assist with this, Student Involvement offers a variety of leadership programs which allow students to explore, strengthen, and elevate their leadership skills.

Leadership Series- Our Leadership Series is comprised of multiple one hour workshops which focus on one specific skill. These workshops are offered throughout the semester and students can attend one or multiple depending on their interests. Workshops take place on Tuesdays at 4 P.M. in Harmon Hall 131.

Lunch with Leaders- Our Lunch with Leaders event allows students the opportunity to interact with some of Lindenwood's most successful alumni. During this event, alumni will share with students their experiences in leadership position and offer advice to students on how they can better prepare for their careers. Our most recent Lunch with Leaders event took place on Wednesday, Oct. 18 at 12:00 P.M. and featured Coolfire Studios' CEO, Jeff Keane, and Northwestern Mutual Life Internship Manager, Sara Gregor.

Elevate Leadership Certificate- Lindenwood's Elevate Leadership Certification is a self-designed, co-curricular experience that students can structure around their own interests and career goals. This certification is designed to encourage and reward students for their involvement and leadership at Lindenwood and help them connect their out-of-class experiences with their academic ones. Students can apply for the certification through Involve U.

For more information about Leadership Development and the programs we offer, please email Rachel Tolliver at rtolliver@lindenwood.edu.

Sophomore Year Experience

The Sophomore Year Experience Program is dedicated to help students transition from the first year to second year. This program is designed to support academic and personal growth for students as they continue their educational journey at *Lindenwood University*. The program will provide many events throughout the year to help engage students not only in the classroom, but also through out the community. We are committed to making the second year an adventure full of useful information and fun programming. Student can learn more about this initiative by emailing Student & Academic Support Services at SASS@lindenwood.edu.
