### **Building Evacuation Route:**

In the event of a bomb threat or fire in the building, all occupants need to immediately leave the building using the closest exit. Once outside, proceed to the assembly area.

- First floor: exit through the east, west or front entrance
- Second floor: exit through the east or west exit on the 1st floor
- Third floor: exit through the east or west exit on the 1st floor
- Basement: exit through the east or west entrance

All occupants, when exiting the building, are required to report to the assembly area for a building evacuation.

### **Evacuation Assembly Area:**

- Pavilion Area

**Bad Weather/Safe Area:** In the event of severe weather, all building occupants should seek shelter in the lowest part of the building. If unable to get to the shelter area, seek a windowless room or hallway on the first floor of the building.
