# LINDENWOOD

REAL EXPERIENCE. REAL SUCCESS.

LINDENWOOD UNIVERSITY
STUDENT RESEARCH
CONFERENCE
2019

Submit your Nomination or Submission Here

It is that time of year again everyone: The 2019 Student Research Conference submission portal is open and is accepting faculty recommendations and student submissions.

Students who are working on or who have completed original research papers or creative projects can be nominated by a faculty member to participate in the Student Research Conference. Students can either display a poster or give a presentation of their work at the conference.

If interested, faculty can also recommend a panel presentation for their students. If more than one student is nominated, a separate nomination form will be needed for each student, but students participating as a group can be included on the same form. All students who are nominated will be contacted via email and invited to submit an application, which includes a 100-150 word abstract describing their work. In addition, nominating a student's work does not guarantee that student's acceptance to the conference; students who are interested in presenting in the conference MUST submit an application.

Students can also submit an individual or group submission by following the link above.

Questions? Please contact SRC@lindenwood.edu

Faculty Nomination Deadline is February 28th
Student Submission Deadline is March 7th
