

## Young Hall

Building Coordinator: Ricardo Delgado (636) 949-4735

### Building Background:

- Four floors
- Fire extinguisher locations:
  - All fire extinguishers are located near the stairwell exits on each floor
- Fire alarm locations:
  - Front and rear exits on each floor
  - In the center of each hallway

Building Evacuation Route: In the event of a bomb threat or fire in the building, all occupants need to immediately leave the building using the closest exit. Once outside, proceed to the assembly area.

- All floors should use the front southeast, front southwest OR rear northeast stairs for evacuation

All occupants, when exiting the building, are required to report to the assembly area for a building evacuation.

### Evacuation Assembly Area:

- Common area at Warner Hall

Bad Weather/Safe Area: In the event of severe weather, all building occupants should seek shelter in the lowest part of the building. If unable to get to the shelter area, seek a windowless room or hallway on the first floor of the building.
