

How Do I Read My Student Aid Award Letter?

The award letter will list the aid that you are receiving for the full academic year, and it will be divided between two terms. The awards are only disbursed once the student meets the qualification guidelines per term.

If you start classes at Lindenwood University after mid-year, only the term that is remaining for that academic year will be listed on the award letter.

Financial aid award letters are sent for your review.

Please review the front of your award to ensure that all scholarships, grants, tuition reimbursement (if applicable), and federal student loans are listed.

If your award letter does not reflect the financial aid that you believe you qualify for, please contact the Financial Aid Office.

If you would like to make changes to your financial aid award please complete the enclosed loan change form and return it to the Financial Aid Office. Your award letter will be revised, and a new award letter will be mailed to you for review.
