Dear Lindenwood Belleville Student,

We are reaching out to inform our students that Lindenwood University’s administration has announced plans this morning regarding the traditional daytime undergraduate programs at the Belleville campus. After careful consideration and exploration of several possible courses of action, the Board of Trustees has approved a plan to consolidate all traditional undergraduate programs to the St. Charles campus, effective after the conclusion of the 2019-20 academic year. After May 2020, traditional undergraduate programs will be offered only on Lindenwood’s St. Charles campus.

Of course, students who wish to continue at the Belleville campus through the 2019-20 academic year, such as those slated to graduate in December 2019 or May 2020, are encouraged to do so. The Belleville location will continue to offer graduate and evening programs beyond the 2019-20 academic year.

Please know that we did not arrive at this decision lightly and that every effort will be made to minimize its impact on your experience. Lindenwood is committed to delivering high-quality experiences, services, and resources to all of our students. We are working to ensure this transition makes that possible for all of our Belleville students.

Daytime undergraduate students attending on the Belleville campus will have the option of continuing their education at the St. Charles campus for this year, the 2019-20 academic year, or next year, the 2020-21 academic year. All scholarship packages, including athletic scholarships, will remain intact whether a student moves to the St. Charles campus or remains on the Belleville campus, and whether or not the student is able to continue playing a sport. In addition, we will support the students who wish to transfer to other institutions and make all transitions as easy as possible.

Throughout this process, our students, faculty, and staff will remain our top priority, along with our ability to fulfill the Lindenwood University mission of providing a high-quality educational experience for all students.
