Robyne's Wrap

Our mission at CEL (Center for Engaged Learning) is to offer and support High-Impact Practices (HIPs) to students. HIPs are experiential learning initiatives proven to enhance student engagement and success. Think about a particularly engaging classroom activity you've experienced. Was it project-based or did it involve collaboration with peers? That was likely a HIP! Other examples of HIPs include internships, study abroad experiences, and service-learning opportunities. Have you had a particularly engaging experience in a class or club? We'd love to hear about it! Please visit us in room 229A to share your story. Best of luck as you engage in all your endeavors!

Currently reading: The Wild Robot by Peter Brown (enjoying reading with my son!)

Favorite quote: The great aim of education is not knowledge but action. -Herbert Spencer (English sociologist and professor)

Career Fair Recap

Lions, your Fall 24 Career Fair was a major success! We welcomed around 70 employers to campus, and over 200 of you stopped by to take the next step in your career journey. We have loved hearing about the connections you made, your upcoming interviews, and all that you learned!

Internship and Job Search Safety

Internship scams have been increasing, especially targeting college students and young professionals. Scammers often pose as legitimate employers to steal personal information, money, or gain access to phones and computers for fraudulent use.

Red Flags to look out for:

1. Unsolicited Offers
2. Vague Job Descriptions
3. High Pay for Little Work
4. Requests for Personal Information
5. Upfront Fees
6. Unprofessional Communication
7. Pressure to Act Quickly
8. Lack of Online Presence
