Executive Summary

The First Destination Survey Report includes both sanitized and aggregated data from surveys administered to 3,052 Lindenwood University alumni earning Bachelor's or Master's degrees during the time period beginning July 1, 2014 and ending June 30, 2015. Of that total, the Career Development Center was able to verify the status of 1,361 alumni representing a response/knowledge rate of 44.6%.

Out of the 1,361 responses, 1,216 alumni indicated that they were either employed and/or attending graduate school, representing a total placement rate of 89.3% for both undergraduate and graduate students. 1,079 (79%) alumni indicated they were employed either full or part-time, 242 (17.8%) alumni indicated they were attending graduate or professional school, and 145 (10.7%) alumni reported that they were not employed nor were they attending graduate school.

The survey was administered at various intervals within six months of graduation. The first round of surveys was made available to graduates in an online format through the student portal, then in a paper format during Graduating Student Day. Career Center staff continued reaching out to alumni via phone, email, and social media to gather information for this report for six months following graduation. In addition, the report also includes information reported to the Career Center by members of the faculty.

Each respondent was able to select one or more of the following options that best described their current employment and education status: Employed full-time, Serving full-time in the military, Attending graduate or professional school, Self-employed, Employed part-time, Not seeking employment or Seeking employment. Because respondents were able to select more than one option, the combined total of "Employed," "Attending Graduate or Professional School," and "Neither Employed nor in Graduate School" do not equal 100%.

Undergraduate & Graduate Breakdown 2014 – 2015

The tables & figures below provide First Destination information for graduates broken down by undergraduate and graduate. The two tables include both St. Charles and Belleville campus respondents ("Campus: All") and respondents from all of the academic schools combined.

As indicated in Table 1, there were 820 undergraduate respondents to the survey. Of that total, 725 (88.4%) indicated that they were employed full or part-time or were attending graduate or professional school. 95 (11.6%) of the survey respondents indicated that they were not employed nor were they attending graduate or professional school.

TABLE 1

Campus: All			
Graduate Level: Undergraduate			
Total survey responses:		820	
Employed and/or in Graduate School		725	88.4%
Employed:		612	74.6%
Graduate/Professional School:		190	23.2%
Neither employed nor in graduate school:		95	11.6%

As shown in Table 2, we received information from 541 graduate students for the survey. From that total, 491 (90.8%), specified that they were either employed or attending graduate or professional school. 50 (9.2%) of the graduate respondents reported they were neither employed nor attending graduate/professional school.

TABLE 2

Campus: All			
Graduate Level: Graduate			
Total survey responses:		541	
Employed and/or in Graduate School		491	90.8%
Employed:		467	86.3%
Graduate/Professional School:		52	9.6%
Neither employed nor in graduate school:		50	9.2%

Statistical Summary for St. Charles Campus 2014 – 2015

Tables 3 and 4 provide employment and graduate/professional school outcome information for both undergraduate and graduate students from the St. Charles campus.

Table 3 gives an overview of the data collected from the 745 undergraduate students from the St. Charles campus who responded to the survey. Of that total, 88.1% reported employment or continuing education; 11.9% (45) undergraduates reported neither being employed nor attending graduate school.

TABLE 3

Campus: St. Charles		
Graduate Level: Undergraduate		
Total survey responses:	<u>745</u>	
Employed and/or in Graduate School	656	88.1%
Employed:	549	73.7%
Graduate/Professional School:	178	23.9%
Neither employed nor in graduate school:	89	11.9%

Table 4 features the data collected from 462 graduate students who responded to the First Destination Survey from the St. Charles campus. Of that total, 91.8% (424) indicated that they were either employed or attending graduate or professional school. Only 8.2% (38) reported neither being employed nor attending graduate school.

TABLE 4

Campus: St. Charles		
Graduate Level: Graduate		
Total survey responses:	<u>462</u>	
Employed and/or in Graduate School	424	91.8%
Employed:	407	88.1%
Graduate/Professional School:	40	8.7%
Neither employed nor in graduate school:	38	8.2%

Statistical Summary for Belleville Campus 2014 – 2015

There were 75 undergraduates from the Belleville campus who supplied information for the 2014-2015 First Destination Survey. From that group, 92% reported being employed or attending graduate/professional school. As demonstrated on Table 5, only six respondents (8%) indicated that they were neither employed nor were they attending graduate/professional school.

TABLE 5

Campus: Belleville		
Graduate Level: Undergraduate		
Total survey responses:	<u>75</u>	
Employed and/or in Graduate School	69	92.0%
Employed:	63	84.0%
Graduate/Professional School:	12	16.0%
Neither employed nor in graduate school:	6	8.0%

Table 6 provides an overview of the data collected from the 79 graduate students who responded to the survey from the Belleville campus. From that group, 84.8% (67) reported that they were either employed or attending graduate/professional school after graduation. 15.2% (12 respondents) of the graduate student group indicated that they were neither employed nor were they attending graduate/professional school.

TABLE 6

Campus: Belleville		
Graduate Level: Graduate		
Total survey responses:	<u>79</u>	
Employed and/or in Graduate School	67	84.8%
Employed:	60	75.9%
Graduate/Professional School:	12	15.2%
Neither employed nor in graduate school:	12	15.2%

Statistical Breakdown by Campus and Academic School 2014-2015

The following tables provide specific information regarding the employment and graduate/professional school outcomes for each academic school by campus. The schools represented include: School of Accelerated Degree Programs, School of Business and Entrepreneurship, School of Communications, School of Education, School of Fine and Performing Arts, School of Human Services, School of Humanities, School of Sciences, and School of Sport, Recreation, and Exercise Sciences.

School of Accelerated Degree Programs			
Campus: St. Charles Graduate Level: All		Campus: Belleville Graduate Level: All

Undergraduate and Graduate Breakdown by Campus and Academic School 2014-2015

The following tables provide information regarding the employment and graduate/professional school outcomes for each academic school and are divided into two categories: undergraduate and graduate. The top part of the table features data collected from the St. Charles campus. The lower half of the table is devoted to employment and graduate/professional school outcomes for the Belleville campus.
