

DONATE YOUR USED CAR

Did you know that your car could drive up our donations?

Lindenwood is now able to accept noncash donations, including vehicles. Let your car add value to our mission as we provide students with real experience and real success.

Donating a used car is an easy, low-stress process. You don't need to worry about lining up potential buyers or fixing broken parts. We'll take the car off your hands, then provide you with all the right tax receipts.

Car donations have an average value of over **\$1,600!** That's a BIG investment with a BIG impact.

**We don't only take cars! We are able to accept other vehicles as well. If you have a boat, RV, or other vehicle you'd like to donate, let us know.*

**Please contact iDonate at 877-897-4273 or
donation@idonate.com with questions.**
