

LINDENWOOD

Student Immunization Requirements & Information

Effective Spring 2017

All incoming students are required to have the following immunizations:

- Tuberculosis (TB) Screening
- Meningococcal waiver or vaccine

How to submit your documents:

Once you enroll in classes, then you will receive an email from Castle Branch providing you a link to an immunization portal. This link will allow you to easily upload your documents and track the status of your records being approved. Once you set up your account, then you will be able to download the TB Screening and the Meningococcal waiver.

Immunization record due dates:

Failure to provide the required immunization documents may result in an academic hold being placed on your account.

September 21, 2018 - MBA Fall I, Semester Undergraduate, and Semester Graduate Students

October 5, 2018 - Fall Trimester Students

October 19, 2018 - Fall Quarter Students

February 1, 2019 - Winter Quarter, Semester Undergraduate, Semester Graduate, MBA Spring I, & Trimester Spring

April 12, 2019 - MBA Spring II and Spring Quarter Students

June 14, 2019 - MBA and Trimester Summer Students

July 19, 2019 - Summer Quarter Students

Exempt Students:

Students who are enrolled in an online degree program, Early College Start students, and any student born before 1956 are all exempt.

Applicability, Documentation, and Enforcement

The immunization requirement applies to all domestic and international students entering Lindenwood University for the first time and any returning student who was not enrolled for the previous term, unless medical or religious exemptions pertain. Students in the Nursing program may have additional immunization requirements.

You must satisfy the immunization requirement completely prior to registration for your next academic term. Failure to provide the required immunization documents may result in an academic hold being placed on your account.

The University also reserves the right to deny access to campus facilities, including residence halls, if documentation of compliance has not been provided. Further, in accordance with public health recommendations, non-immune students may be excluded from the University campus in the event of a measles, rubella, or mumps outbreak or other public health recommendation.
