## **School Counseling Program Handbook**

“Teaching and Leading as an Art and a Science”

**July 2020**

This handbook is published through the Lindenwood University Department of Counseling, Eastlick Hall, 200 North Kingshighway, St. Charles, Missouri 63301. This handbook is for information purposes only and does not constitute a contract. Although the handbook was prepared with the latest information available at the time of publication, information is subject to change without notice. It is recommended that the reader consult with the Program Coordinator or Assistant Dean for any changes that may occur after the publication date of this document.

# Section One: Lindenwood University System Student Responsibilities

The School Counseling Handbook is intended to assist and inform students in the School Counseling Program within the Department of Counseling at Lindenwood University. It is essential that students read and become aware of all Department policies and procedures. It is the responsibility of each student to be familiar with the contents of the School Counseling Handbook and, if necessary, to seek clarification of any information by contacting an advisor.

The Department of Counseling must continue to meet the requirements of the Missouri Committee for Professional Counselors, Missouri Department of Elementary and Secondary Education, and the Illinois State Board of Education. This is an ongoing process; therefore, the Department reserves the right to change or revise any information, policy, or procedure. Revised information may supersede, modify, or eliminate existing information. Students can access updates to the School Counseling Program on the Department of Counseling website, <http://www.lindenwood.edu/academics/academic-schools/school-of-education/counseling-and-social-work/counseling/>

Program completion is the responsibility of each student. Students must maintain an up-to-date advising sheet (Program Planner for the state they decide to seek certification (Missouri) or licensure (Illinois)). It is recommended students review their Program Planners at the close of each semester (Appendices A and B).

## Mission Statement

The Department of Counseling at Lindenwood University develops students' potential as professional or school counselors. We recognize the uniqueness of human beings and are dedicated to helping students obtain the knowledge, skills, and experience necessary to facilitate their development as counseling professionals. We prepare students to be ethical, reflective practitioners for work in school and/or mental health settings with individuals, groups, and families. The Programs are designed to meet the academic requirements toward licensure as a Professional Counselor and/or for recommendation for certification as a School Counselor or School Psychological Examiner.

## Conceptual Framework

The conceptual framework for the Lindenwood University Department of Counseling is driven by the Mission Statement of the University, the Mission Statement of the Department of Counseling, the Missouri Department of Elementary and Secondary Education's Standards for Teacher Education Programs and the Illinois State Board of Education. These Mission Statements and Quality Standards reflect the integration of intuition and scientific inquiry required in the practice of counseling. Therefore, the design of the Department of Counseling, including the admission of candidates, the construction and maintenance of curriculum, the structuring of clinical experiences, and the support of newly employed professionals, is based upon the conceptualization of counseling as a blend of art and science.

Counseling is an art. The act of counseling requires the use of intuition and creativity in formulating theories, planning and implementing effective interventions, and guiding client change. The intuitive and feeling qualities the counselor brings to the helping relationship are essential elements of the art of counseling (Gladding, 1992; Satir, 1987).

Counseling is a science. The counselor must possess a knowledge base built on scientific inquiry and a skill set based on scientifically proven methods. The counselor uses data to guide the selection of intervention methodology and to monitor the effectiveness of ongoing intervention. The counselor must possess the ability to 4

read and analyze research findings presented in professional literature, evaluate the effectiveness of counseling approaches, produce research data, and report research data to the scientific community. The logical and analytical qualities the counselor brings to his or her professional endeavors are essential elements of the science of counseling (Vacc & Loesch, 1987).

## Outcomes

Graduates of the School Counseling Program will develop the awareness, knowledge, skills, and techniques to function effectively and ethically in a school system. Upon completion of the Program:

- The student will demonstrate an understanding of individual and family development theories, and how transitions across the life span impact learning and personality development including developmental crises, disabilities, and psychopathology. He or she will routinely integrate these principles in working with clients.
- The student will demonstrate an understanding of multicultural and pluralistic trends, attitudes, and behaviors related to diversity, how diversity in families impacts clients, and how culture affects the counseling relationship. The student will consistently and competently demonstrate a systemic and cultural awareness. Modifications to counseling approaches will be made based on this awareness.
- The student will demonstrate sound knowledge of measurement constructs and effectively select, administer, and interpret assessment and evaluation instruments. He or she will systematically integrate assessment results within the counseling process.
- The student will demonstrate an understanding of career development and the planning process across the lifespan. He or she will effectively select and apply career counseling models to assist clients in their career exploration, decision-making, and planning through various assessment techniques and the use of current career information.
- The student will know and understand a variety of individual and small group counseling theories and techniques, integrate this information to develop therapeutic alliances with clients, and formulate appropriate goals and strategies in accordance with clients' needs.
- The student will know, understand, and use various research and evaluation tools to monitor and assess the effectiveness of interventions with individuals and groups that are within the school or mental health systems.
- The student will demonstrate knowledge and understanding of ethical principles of the counseling profession and employ ethical decision-making in his or her work.
- The student will demonstrate a commitment to ongoing professional growth and development through personal reflection and self-appraisal, consultation, and supervision.
- The student will implement the Missouri Comprehensive Guidance Curriculum in a school setting.

## Graduate School Admission

The standards of admission to the Lindenwood University School Counseling Program are selective, yet flexible. Program applicants are expected to have a sound undergraduate academic background, and each applicant's records are carefully examined to determine whether or not the student has the potential to be successful at Lindenwood.

To be considered for Applicants with a GPA less than a ~~2.5~~ 3.0\* will not be considered for admission to the School Counseling Program. Lindenwood University offers rolling admissions each semester for the School Counseling Program; however, applicants must be accepted into the School Counseling Program two weeks

prior to the term in which he or she plans to begin. To be considered for admission, prospective students should submit an application packet that includes:

1. An application form completed online, select the St. Charles application link-

The application may be completed online for St. Charles Campus at: <http://www.lindenwood.edu/admissions/evening-and-graduate-admissions/>. Click on “Apply Today” to create an account and complete the form.

2. ~~\$30.00 application fee (non-refundable)~~

2. Official transcripts from the school granting the undergraduate degree and from any graduate school(s) attended

3. A current resume

\*Rarely, exceptions may be made, if an applicant’s GPA is less than 3.0, the student will interview with the Assistant Dean and will be required to submit recommendation letters and a letter of intent for review. A determination of admission will be made following the review of documents and the interview.

## Readmission

Students who have not taken classes within the past two years and wish to enroll in the School Counseling Program must complete the application form to be considered for re-admission. The readmit process can take up to two weeks to complete. Students granted re-admission to Lindenwood University will be contacted by the Evening and Graduate Admissions Office.

## Transfer of Credit

Students may transfer up to nine credit hours of course work from another accredited college or university if the grade received in each course was an A or B and the course is equivalent to the course offered at Lindenwood University. The student is responsible for providing course descriptions and syllabi that demonstrate the content of the course. Under certain circumstances, courses that are not equivalent to a course offered at Lindenwood University may be transferred as electives, but will not substitute for a core course in a student’s program of studies at Lindenwood University.

## Residency Requirement

Students with a Master’s degree from another institution who wish to transfer to Lindenwood University with the intention of seeking a recommendation for certification as a School Counselor must meet the requirements outlined by the state board of education for that particular state. In Missouri, it is through the Missouri Department of Elementary and Secondary Education and Illinois it is through the Illinois State Board of Education. It is expected that students seeking certification only (non-degree seeking) will complete a minimum of 15 hours in residence at Lindenwood University.

## Accreditation

Lindenwood University is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools and is a member of the Teacher Education Accreditation Council and the Council for Higher Education Accreditation. The School Counseling Program at Lindenwood University is approved by the Missouri Department of Elementary and Secondary Education and the Illinois State Board of Education.

## Academic Fitness

Students are expected to maintain at least a 3.0 grade point average (GPA) in order to graduate from the Program. This is the minimum acceptable level of performance at the graduate level. Students who fail to maintain at least a 3.0 GPA will be placed on academic probation and will be restricted to enrolling in no more than six credit hours a semester until their cumulative GPA reaches 3.0. Students who enter the Program with less than a 3.0 GPA are automatically placed on academic probation and will be restricted to enrolling in no more than six credit hours a semester until their cumulative GPA reaches 3.0.

Students may appeal a grade they believe was calculated in error within the term following the term in which the grade was posted. The disposition of all appeals must take place before the last day of the term following the term in which the grade was posted. After that date the grade will be irreversible.

## Counselor Competencies

The faculty members of the Department of Counseling have the ethical responsibility to endorse candidates for school counselor certification, school psychological examiner certification, or professional licensure who are academically, professionally, and ethically fit to practice. The Department of Counseling believes that counseling knowledge, clinical skills, ethical practice, and appropriate counselor disposition are crucial to success as a counseling practitioner as well as a student in the Program. Therefore, the progress of these candidates is closely monitored. Successful completion of the School Counseling Program requires successful completion of all courses, demonstrating appropriate academic success; successful development of appropriate counselor disposition, evidencing competency as a counselor; and successful development of counseling knowledge and skills, as deemed appropriate by the Counseling Faculty. It is the objective of the counseling program to, as early as possible, identify students who demonstrate difficulty achieving standards for competent practice and to initiate appropriate intervention to assist them. Thus, the faculty of the Department of Counseling reserves the right to review students at any stage of their coursework. Students enrolled in the School Counseling Program are expected to consistently demonstrate the competencies set forth by the Department. Each student enrolled in the School Counseling Program will:

- a. demonstrate nonjudgmental warmth and acceptance of others without regard to ethnic group, race, religion, gender, sexual orientation, age, and/or disability;
- b. demonstrate concern for and accurate understanding of the thoughts and feelings of others;
- c. demonstrate compliance with the Code of Ethics of the American Counseling Association and/or the American School Counselor Association and abide by accepted social/moral codes of behavior;
- d. utilize interactions and communications that are facilitative;
- e. demonstrate the ability to consult with peers, supervisors, and instructors to make appropriate changes in dispositions and behavior resulting in accurate self-evaluation, and engage in learning activities to enhance knowledge and skill;
- f. demonstrate the ability to model appropriate human behavior and adaptive coping processes.

It is the student's responsibility to uphold the ethics and competencies established by the counseling profession and Lindenwood University in all academic settings. Each of the competencies is assessed as candidates matriculate through the program. Consistent evidence of such counselor competencies is crucial to successful completion of the program. A timeline of which assessments and when they are taken are listed [in Appendices C and D](#).

1. Students will be informed of the competencies in the first course in which they enroll, IPC 51000 Foundations of School Counseling or 51100 Foundations of Professional Counseling. Students will complete a self-assessment and will be evaluated by their instructor using a disposition in several courses throughout the program: IPC 51000 Foundations of School Counseling or IPC 51100 Foundations of Professional Counseling, IPC 55100 Counseling Theory and Practice or IPC 55300 Theories of Counseling Children and Adolescents, IPC 62000 Counseling Internship or IPC 62200/62300/62400 or IPC 60700/IPC60800 Field Placement. Results of the self-assessment and the instructor evaluation will be discussed with the student at the end of each course. Students will receive a copy of the instructor's evaluation. The original evaluation, along with the student's self-assessment, will be placed in the student's permanent file within the Department of Counseling ([Appendix E](#)).
2. Should a faculty member express concerns regarding a student's competencies, such concern will be documented using the disposition and brought before the Faculty Review Board. The Faculty Review Board will determine the next step to be taken. The Faculty Review Board will either propose a direct action be taken or arrange a meeting with the student, the referring faculty member, and the Faculty Review Board. It will be determined whether the student will enter a probationary period and complete a remediation agreement. Students who complete a remediation agreement will periodically be reevaluated by the Faculty Review Board.

## Program Requirements

Degree seeking students must elect one of the following degree program options in either:

[Appendix A, Missouri School Counseling Program Planner or,](#)

[Appendix B, Illinois School Counseling Program Planner](#)

- Master of Arts in Counseling-School, Illinois and Missouri (for teachers) 48 credit hours
- Master of Arts in Counseling-School, Illinois and Missouri (for non-teachers) 57 credit hours
- Master of Arts in Counseling-Professional & School 62 credit hours (for Missouri licensure only, Illinois endorsement requires completion of IPC 53100, Family Counseling and IPC 56500, Introduction to Substance Abuse Counseling)

Students seeking School Counselor certification who do not possess a valid teaching certificate are required to complete three additional education courses, adding nine credit hours to their program. The School Counseling Program Planner lists the three additional courses. Missouri students only may also seek certification as a School Psychological Examiner. The curriculum for each option is presented later in this handbook ([Appendices A and B](#)) and in the [Professional Counseling Handbook](#).

The School Counseling Program culminates with the completion of six credit hours of Field Placement experience. Students must have completed the specific course prerequisites and have at least a 3.0 cumulative GPA to begin Field Placement 1 and 2. The specific prerequisites for Field Placement 1 and 2 are listed on the School Counseling Program Planners.

## Field Placement Requirements

Students in the Lindenwood University School Counseling Program must complete two semesters of School Counseling Field Placement. During the Field Placement experiences, the student will engage in the activities of school counseling in a school setting under the supervision of a certified school counselor (must be certified minimally at the Master's level in School Counseling with at least three years school counseling experience) and enroll in a group supervision class at Lindenwood University (IPC 62100, 62200/62300/62400 8

in Missouri and IPC 60700 and IPC 60800 in Illinois).

Students in the school counseling track are required to complete a minimum of 450 hours of supervised field placement experience [for k-8 or 7-12 certification](#). Field Placement 1 requires a minimum of 150 clock hours. [Students seeking k-12 certification will complete 300 hours in Field Placement 1.](#) Field Placement 2 requires a minimum of 300 clock hours. All field placements must be in K-12 settings under the supervision of a certified school counselor. Students must have at least a 3.0 GPA to begin Field Placement 1 or Field Placement 2. Students are expected to earn a grade of A or B in Field Placement ([IPC 62100](#) and [IPC 62200/IPC 62300/IPC 62400](#)) in order to graduate. Students will be required to repeat the course if they earn less than a B. If students take an incomplete in [IPC 62100](#) and are unable to complete at least half the required field placement hours, they must enroll in [IPC 62101](#) for zero credit hours to allow them to attend field placement classes while completing the required hours. If students take an incomplete in Field Placement 2, regardless of how many hours are needed, they must enroll in [IPC 62201](#), [IPC 62301](#), or [IPC 62401](#) (for the various levels of Field Placement 2) for zero credit hours to allow them to attend field placement classes while completing the required hours. A fee of \$50 will be incurred for each extension.

The student must upload a **completed** Field Placement Application Packet to Foliotek. Students can find the link to purchase Foliotek in the School Counseling Student Resources Canvas shell and all classes the student is enrolled in during the program under the Foliotek Module. The link is listed first in the Foliotek Module. Students will not be allowed to enroll in Field Placement until the completed Field Placement Application Packet has been submitted, approved, and a placement has been secured. Upon approval, the student will complete a paper add/drop form with their advisor for the Field Placement class. The Field Placement Application information includes

- The Field Placement Request Form
- The Field Placement Preparation Form
- Philosophy of School Counseling
- Acknowledgement of Handbook Review
- The Field Placement Pre-Hours Contract (if applicable)
- TB Clearance
- FCSR (Family Care Safety Registry)
- Professional Liability Insurance
- An unofficial copy of your Graduate Transcripts
- MO Substitute Certificate
- Travel Waiver
- Hours Logs (completed and turned in weekly)

School districts vary with respect to the requirements for accepting students for Field Placement. Some districts may require additional documentation. Students applying to such school districts will be informed of any additional requirements.

Students are expected to act in a professional manner and abide by the ethical principles of the American Counseling Association (ACA) and the American School Counselors Association (ASCA). Students are expected to be present at their Field Placement sites during the hours for which they have been scheduled to work; be punctual for appointments with students or supervisors and other scheduled meetings; be prepared to submit all 9

school/district reports and records; and be respectful toward students, parents, staff, and any individuals with whom they have contact. **Failure to follow these expectations may result in dismissal from the Program.**

**Missouri**-Students are instructed to list their first, second and third choices on their field placement request form in the application. Students are not permitted to contact the schools themselves. If a student has questions about the procedure involved with this process, they should contact the Counseling Placement Office at [counselingplacement@lindenwood.edu](mailto:counselingplacement@lindenwood.edu) for assistance. All materials must be uploaded into Foliotek to be considered for Field Placement and approved by the Placement Office prior to paper enrollment in the course.

Missouri Deadlines:

<b>Intended Semester for FP 1 and FP 2</b>	<b>Date all materials are due in Foliotek</b>
Field Placement in Spring Semester	August 1 of the previous year
Field Placement in Fall Semester	February 1 in the same year of application

**Illinois**-Students find their own placement and list the site or site(s) on the application. Students should list their first and second sites on the Field Placement request form. Once completed, materials should be sent to Counseling Placement Office at [counselingplacement@lindenwood.edu](mailto:counselingplacement@lindenwood.edu). All materials must be uploaded into Foliotek to be considered for Field Placement and approved by the Placement Office prior to paper enrollment in the course.

Illinois Deadlines:

<b>Intended Semester for FP 1 and FP 2</b>	<b>Date all materials are due in Foliotek</b>
Field Placement in Spring Semester	December 1 of prior year
Field Placement Fall Semester	July 1 of same year

## Missouri

The Field Placement experiences have been designed to meet the requirements for Missouri School Counselor certification. The combination of Field Placement 1 and Field Placement 2 determines eligibility for Missouri certification as a School Counselor in grades K-8, 7-12, or K-12. A detailed description of these hours may be found in [Appendix G](#). **Field Placement 1** consists of 150 clock hours if the student is seeking one level of certification (k-8 or 7-12). If the student is seeking k-12 certification upon completion of the program, they will need to complete 300 hours in Field Placement 1. The purpose of the first field experience is to provide students with knowledge of various school counseling work environments. It provides students the opportunity to apply knowledge gained in the classroom and through the practice of School Counseling. Field Placement 1 occurs in one placement setting.

**Field Placement 2** consists of 300 clock hours. The purpose of the second field experience is to encourage the process of changing roles from school counselor candidate to professional school counselor. This complex transition takes place over a period of time in small increments. The candidate is provided an intensive exposure to a school counseling setting. Field Placement 2 may occur at two placement settings.

Candidates have several options with respect to Field Placement. The option ultimately selected depends upon the certification(s) desired. Students must keep in mind that their Field Placement experience should include the grade level they are pursuing for certification. Field Placement options include:

□ Candidates seeking K-8 Certification

Any combination of elementary school or middle school over the course of Field Placement 1 and Field Placement 2

□ Candidates seeking 7-12 Certification

Any combination of middle school or high school over the course of Field Placement 1 and Field Placement 2

□ Candidates seeking K-12 Certification

Any combination of elementary school, middle school, or high school (must have one placement in an elementary setting and one placement in a secondary setting over the course of Field Placement 1 and Field Placement 2)

## Illinois

**Field Placement 1** consists of 350 clock hours. The purpose of the first field experience is to provide students with knowledge of various school counseling work environments. It provides students the opportunity to apply knowledge gained in the classroom and through the practice of School Counseling. Field Placement 1 occurs in one placement setting. **Field Placement 2** consists of 350 clock hours. The purpose of the second field experience is to allow the process of changing roles from school counselor candidate to a professional school counselor to occur. This complex transition takes place over a period of time in small increments. The candidate is provided an intensive exposure to a school counseling setting. Field Placement 2 may occur at two placement settings. In Illinois, there is no such designation; you will be advancing toward an educator endorsement in School Counseling, pk-21. The endorsement you will be seeking is a 73 certificate, school counselor.

Candidates have several options with respect to Field Placement. The option ultimately selected depends upon the certification(s) desired. Students must keep in mind that their Field Placement experience should include the grade level they are pursuing for certification. It is strongly encouraged students spend each placement at a different grade level to gain exposure to developmental differences in the pk-21 school setting.

## Field Placement Extension

Should a student be unable to complete the required hours of Field Placement within the semester, he or she will receive an Incomplete for a grade. If the student receiving an Incomplete is in Field Placement 1 and has completed more than half the required hours of Field Placement 1, the student should enroll in Field Placement 2 the following term. Any student unable to complete the required hours of Field Placement 2 must enroll in a section of Field Placement Extension the following term. Enrolling in the Field Placement Extension course will allow students to continue to receive supervision from Lindenwood University faculty by attending the Field Placement class as they complete their Field Placement hours. All other coursework for Field Placement must be completed prior to enrolling in Field Placement Extension. Field Placement Extension is a zero-credit hour course. A \$50.00 fee is charged for each extension.

## Section 2: Lindenwood University Academic Services Information & Support

### Office 365

Email accounts are given to students enrolled at Lindenwood University. All students are held responsible for reading and maintaining their university email accounts. Students can easily access their e-mail account via Lindenwood's webpage: click "Email" and select "Student Email". If students have difficulty accessing their e-mail account, they are encouraged to contact their advisor or the Help Desk at [helpdesk@lindenwood.edu](mailto:helpdesk@lindenwood.edu). Students who fail to regularly (at a minimum, weekly) check their email account may miss important messages. Contact numbers for the help desks by campus are:

St. Charles Campus- 636-949-5100

Belleville Campus 618-239-6200

### Student Portal

CAMS is Lindenwood's Comprehensive Academic Management System. The CAMS Student Portal is the web location where all Lindenwood students are able to access their final grades, billing ledgers, transcripts, and financial aid statements. The CAMS Student Portal is also used to enroll in classes. Students can access the Portal and the Student User Manual by clicking "Portals" on Lindenwood University's homepage. The Portal site is accessible from on or off campus computers. Questions about using the Portal should be directed to the CAMS support team at [LU CAMS Support](#).

### Social Media

The Department of Counseling at Lindenwood University currently maintains a Canvas page to provide a virtual meeting place for students and alumni to share and obtain information and resources about everything counseling related. The page is made available in service to practicing counseling professionals and prospective counseling professionals. Field Placement opportunities, Internship opportunities, job openings, and upcoming seminars are regularly announced in the shell titled, School Counseling Student Resources. Every effort will be made to respect individual expression with the understanding that it falls within acceptable ethical standards of practice as determined by ACA and/or Lindenwood University.

### Advising

Upon admission to the School Counseling Program, the student is expected to schedule a meeting with a faculty member to register for his or her first term of classes. Thereafter, the student should contact his or her advisor prior to the beginning of each semester to discuss course options. Graduate students are allowed to take between three and twelve credit hours of course work per semester. Students receiving financial aid are required to complete at least six credit hours per semester. Those taking nine credit hours are considered full-time graduate students. Students who wish to enroll in twelve credit hours should seek the approval of their advisor. When considering course options for each semester, students should kind in mind that they are required to take courses on the same campus should they plan to take two courses on the same night. Course requirements are listed on the Program Planners ([Appendices A and B](#)).

### Procedures for Enrolling in Classes

Students may only attend classes in which they have been formally enrolled. Students are responsible for enrolling in classes in a timely fashion. Students may register online through the Student Portal during the open

enrollment period, which usually ends the Friday before the term starts. After the open enrollment period, students must register for class using an Enrollment Form until the beginning of the semester. When enrolling, students should seek advisement from their assigned advisor by phone, e-mail, or appointment. Student Portals can only be unlocked by a student's advisor; therefore, it is crucial that the student discuss course options with his or her advisor prior to enrolling. Enrollment in class is ensured after completing the online registration process. The last day to enroll in classes for each term can be found in the graduate catalog.

**During the enrollment period**, students may enroll in classes by following these procedures:

- Students must take action to ensure the necessary prerequisites have been met for the classes in which they wish to enroll
- Course(s) must be open
- Students must obtain approval from their advisor regarding course selections
- Students must register online via the Student Portal
- Students must contact the business office to finalize payment arrangements
- Students can view schedules and determine classroom locations online through the Student Portal

**After the enrollment period**, students may enroll in classes by following these procedures:

- Students must take action to ensure the necessary prerequisites have been met for the classes in which they wish to enroll
- Course(s) must be open
- Students must obtain approval from their advisor regarding course selections
- Students must complete an Enrollment Form
- Students must contact the business office to finalize payment arrangements
- Students can view schedules and determine classroom locations online through the Student Portal

## Procedures for Adding/Dropping/Withdrawing Courses

At times students may need to change their course schedule. Students may increase the number of hours for which they are registered by adding a course. Students may decrease the number of hours for which they are registered by dropping a course they *have not attended* or withdrawing from a course they *have attended*.

**Students are required to complete the proper procedures to modify their schedule.**

Students may change their course schedule through the Student Portal during the open enrollment period. After the open enrollment period, students are required to complete an Add/Drop/Withdrawal Form. When modifying their schedule, students should seek advisement from their assigned advisor. Students should be aware of the financial ramifications of modifying their course schedule after attending class. Add/Drop/Withdrawal Forms are available in the Department of Counseling Offices. All deadline dates can be found in the Graduate Catalog.

### Adding a Course

Students are allowed to register/add/audit a class during the first week of the term by following these procedures:

- Complete the Add portion of the Add/Drop/Withdrawal Form
- Signature of the professor is not required

- Advisor's signature is required
- Course must be open
- Contact the professor via e-mail prior to attending the class to make up any work missed

Student must sign the Add/Drop/Withdrawal Form and return it to his or her advisor

## Dropping a Course

Students are allowed to drop a class they have never attended by following these procedures:

- Complete the Drop portion of the Add/Drop/Withdrawal Form
- Professor's signature is required
- Professor should circle N/A
- Advisor's signature is required
- Student must sign the Add/Drop/Withdrawal Form and submit it to his or her advisor once all signatures have been obtained

## Withdrawing from a Course

Students may withdraw from a class they have attended prior to the deadlines listed in the Graduate Catalog by following these procedures:

- Complete the Drop portion of the Add/Drop/Withdrawal Form
- Professor's signature is required
- Professor should indicate the student's last day of attendance and circle W, WP, or WF (refer to withdrawal deadline on the academic calendar)
- Advisor's signature is required
- Student must sign the Add/Drop/Withdrawal Form and submit it to his or her advisor once all signatures have been obtained
- The student's transcript will reflect their withdrawal status from the course
- Failure to withdraw officially will result in a grade of F or AF (attendance failure) which will be calculated in your grade point average as an F.

## Grading System

Graduate students may earn grades of A, B, C, F, P, W, WP, WF, AF, I, and Audit. A grade of A indicates outstanding performance. A grade of B indicates satisfactory performance at the graduate level. A grade of C indicates performance below that acceptable at the graduate level. An F indicates a significant failure in performance relative to the requirements of the course. A grade of P indicates the student passed their exit exam. Grades of W, WP, and WF indicate the student has withdrawn from a course after attending (see catalog deadlines). A grade of AF is assigned when a student stops attending a particular class but does not withdraw from the course by completing an Add/Drop/Withdrawal Form. The grade of AF is treated as a grade of F in the calculation of the student's grade point average. No credit is awarded toward a graduate degree for any course in which a grade of F is earned. Grades of A, B, C, and F are used to calculate the student's academic standing.

A grade of I (Incomplete) is awarded at the end of a term only for failure to complete course work due to exceptional circumstances beyond the student's control. Such circumstances include documented illnesses or extremely disruptive personal circumstances. A grade of Incomplete is also appropriate when a Field Placement or Internship did not provide sufficient hours to satisfy requirements. In the case of Field Placement or Internship shortages of hours, all other course work should be completed on time. When the requirements for the course have been met, the Professor will complete a Change of Grade Form which is then submitted to the Assistant Dean for approval. An I grade must be resolved prior to the end of the next term (see catalog deadline dates), otherwise it automatically becomes an F. In rare circumstances a request to extend the time needed to resolve an incomplete grade may be submitted to the Registrar no later than two weeks before the date the grade is due. Such a request will then be sent to the Provost to be considered for approval. In some cases, students may not be allowed to register for future terms until the incomplete grade is resolved.

## Course Evaluations

Students are encouraged to complete course evaluations for each class in which they enroll. Course evaluations are available for students to complete online through the Student Portal preceding the end of the semester. To complete course evaluations, students should log into the Student Portal and click "My Grades." A prompt will appear requesting the student complete the course evaluation. Upon completion of the course evaluation for each class, students will be able to view their grades for the semester once grades have been posted. Students who choose not to complete their course evaluations will be able to view grades approximately two weeks after the term ends.

## Attendance

All students at Lindenwood University are expected to attend all classes and class activities for which they have enrolled. The attendance policy for each course will be specified on the course syllabus. Most professors allow up to two absences per term before a significant grade penalty results. Excessive absences may result in a failure in the course. Class assignments are expected to be completed according to schedule whether absences are excused or unexcused.

## Purchasing Textbooks

Students are expected to have obtained the appropriate textbooks for each class prior to the meeting of the first class. Students can obtain textbooks for class through the campus bookstore, Barnes and Noble. Barnes and Noble maintain the official listing of Lindenwood University's textbooks and course materials. Students are able to purchase or rent textbooks. Students may order textbooks and materials online through Barnes and Noble at <https://www.lindenwood.edu/about/news/details/barnes-and-noble-college-bookstore-now-open-on-st-charles-campus/>.

## Academic Honesty

Academic honesty is the foundation of any educational institution. It is the responsibility of each student, professor, and administrator at Lindenwood University to uphold the honor of the institution by acting honestly and truthfully in all situations. To act otherwise is to undermine the contract of good faith on which productive study and the open exchange of ideas is based. Therefore, students wishing to maintain formal membership in a learning community must display the high level of integrity expected of all its members.

Academic dishonesty is an exceptionally serious offense to oneself and one's colleagues. Academic dishonesty may result in a lessened or failing grade on the work or test or failure in the course. According to Lindenwood University's Academic Honesty Policy, names of students found guilty of cheating or plagiarizing will be sent to the University Provost. A second offense will result in expulsion from the University.

## Code of Ethics

Students and faculty are expected to adhere to the ethical standards and statements as defined by the American Counseling Association, American School Counselor Association, and the Missouri Committee for Professional Counselors. Proven violations of professional or ethical conduct may result in dismissal from the Program.

## Independent Studies

Independent Studies are offered under unusual circumstances when a student has a special interest or expertise and develops a proposal to do independent research on a counseling related subject. This proposal should include the activities that the student will undertake and the means by which the work will be evaluated. Students must obtain the appropriate Proposal for Independent Study Form to accompany the proposal. The required coursework should be completed within one term. An independent study must be sponsored by a faculty member who agrees to work with the student in this capacity. This is a voluntary activity for a professor and no faculty member will be required to offer an independent study.

## Tutorials

Tutorials are offered under unusual circumstances such as relocating to a different city within a few credit hours of completing the Program or a course not being offered when a student needs it to graduate that term. Students taking a tutorial complete the requirements of an established course independently, using the same syllabus and assignments as in-class students. The coursework is to be completed within one term with assignment due dates as per the syllabus. The sponsoring professor should meet regularly with the student to monitor progress. The student and professor will sign the Tutorial Form to that effect. A tutorial must be sponsored by a faculty member who agrees to work with the student in this capacity. This is a voluntary activity for a professor and no faculty member will be required to offer a tutorial.

## ADA

In accordance with the Americans with Disabilities Act (1990), professors at Lindenwood University provide reasonable accommodations to students with documented disabilities. Students are responsible for informing the University and their professor(s) of their disability if accommodations are requested.

Students who require accommodations due to a disability should contact the Student Support and Accessibility Program Manager, Jeremy Keye ([jkeye@lindenwood.edu](mailto:jkeye@lindenwood.edu)) at 636.949.4510. Mr. Keye will provide the specific information regarding the student's needed accommodations to the student's professors.

## Program Exit Requirements

### Missouri Students

#### **School Counselor Content Test (MOCA, #056)**

All students seeking certification and to graduate the program as a School Counselor in Missouri must successfully complete the *Missouri Educator Gateway Assessment for School Counselors, the School Counseling Content Test*. The test code is 056. Arrangements to register for the test are the responsibility of the student. Completing the *Missouri School Counselor Content Test* is a graduation requirement and must be uploaded to FolioTek.

Students applying to take the *MOCA* test should do so during Field Placement 1 or Field Placement 2. *MOCA* tests are offered on scheduled dates throughout the year at universities, high schools, and other locations throughout the state. To register for the *MOCA* test, students should visit [Missouri Content Assessment](#).

*MOCA* pass or fail scores will be provided for you the same day as the test is administered. Scores on individual test sections will be available approximately four weeks after the test date. It is recommended students save a copy of their score report for future reference, email a copy of their score report to their advisor and program coordinator, [Brittany Grass](#).

## Illinois Students

### Illinois School Counselor Content Test (#181)

All students seeking certification as a School Counselor in Illinois must successfully complete the *Illinois Content Test*. The test code is 181. Arrangements to register for the test are the responsibility of the student. Completing the *Illinois School Counselor Content Test* is a graduation requirement and part of the student's Foliotek.

Students applying to take the Illinois Content Assessment Test (ICAT) should do so during Field Placement 1 or Field Placement 2. *ICAT* tests are only offered on scheduled dates throughout the year at universities, high schools, and other locations throughout the state. To register for the *ICAT* test, students should visit [School Counselor \(181\)](#).

Scores on individual test sections will be available approximately four weeks after the test date. It is recommended students save a copy of their score report for future reference, email a copy of their score report to their advisor, and upload to Foliotek

## Missouri and Illinois Graduation Requirements

Graduation from the School Counseling Program requires completion of coursework with at least a cumulative grade point average of 3.0; completion of all Field Placement hours; completion of an electronic standards Foliotek (MoSPE or Illinois School Content Standards Foliotek); and a passing score on the appropriate exit exam for the state you are seeking certification or endorsement. Graduation from the Program does not occur automatically when all requirements have been met. Students must apply for graduation. Students must complete and submit the Application for Degree to their advisor after passing their Exit Exam (Mo or IL Content Exams) through their student portal under by clicking on "Forms". A policy exemption must be completed with the application for degree form if the student is past the deadlines listed below. The deadlines are as follows:

**Deadline to apply for May Graduation December 30**

**Deadline to apply for August graduation February 28**

**Deadline to apply for December graduation May 30**

Students are invited to participate in the graduation ceremony held annually in May or December. Students are eligible to walk in the graduation ceremony if they have completed or will complete the degree requirements between the August preceding the ceremony and the August subsequent to the ceremony. Degrees are posted on the transcript on the 30<sup>th</sup> of the month in which the student graduates. Diplomas are available for pick up from the Business Office on the St. Charles Campus If the student desires to have the certificate sent to his or her home, the student must submit a letter to the Registrar.

## Section 3: Foliotek

### Lindenwood Artifacts, Reflections & Foliotek Instructions

#### Glossary of Terms

<b>Foliotek</b>	Foliotek is the online portfolio management system used by the School of Education. In school counseling, Foliotek is used to store an assignment from every course. Second, it is used to request Field Placement 1 and Field Placement 2. Finally, disposition and performance evaluation assessment data are stored here.
<b>MOSPE</b>	These refer to the Missouri standards for educator programs. School counseling has 5 total standards with multiple quality indicators. They can be found here.
<b>Key Assessment</b>	Key assessments are critically designed to cover an entire standard and all of its quality indicators. They are found in 5 school counseling specific courses and contain 5 column-rubrics used to evaluate the assignment. The rubrics for each of these Key Assessments are in Foliotek under the corresponding standard and in your Assignments section in Canvas.
<b>Anchored Assessment</b>	Anchored assessments are found in the remaining courses in the program including both professional and school counseling tracks. They are designed to cover targeted standards and specific quality indicators. The rubrics for each Anchored Assessment are found in Foliotek under the corresponding standard and in your Assignments section in Canvas.
<b>Artifact</b>	Any assignment uploaded to Foliotek at the end of every course. It may be a key or anchored assessment.
<b>Reflection</b>	A reflection is written to accompany every KEY Assessment only (i.e., artifact). They demonstrate how the KEY Assessment is linked to the MOSPE Standard. It is about 1.5 pages and has specific items to be written about in each of the 5 paragraphs. (An example follows below, in this section.)
<b>MOCA (Missouri Counselor Exam, 056)/Exit Exam</b>	The exit exam for the school counselor program and students pursuing school and professional counseling is the MO Counselor Exam. It is an objective test taken at a test center at the very beginning of Field Placement 2. This test is also required for certification in the State of Missouri.
<b>The Office of Clinical and Field Experiences</b>	This office serves as a repository for data collection gathered in Foliotek for our entire School Counseling Program. This office also reviews applications for entry into Field Placement 1 and 2 and coordinates placement after you have uploaded your application into Foliotek.
<b>MEES Performance Exam (Missouri Educator Evaluation System Performance Exam)</b>	The performance exam covers all 5 MOSPE Standards and is gathered during Field Placement 1 and Field Placement 2. Your University Site Visitor and your k-12 Site Supervisor will each complete this assessment. They will receive an email link from the Clinical and Field Placement Office during the semester several times. These scores are submitted to DESE for certification at the end of your program.

<b>Site Supervisor</b>	The Site Supervisor is the credentialed school counselor who will supervise you at your Field Placement sites.
<b>Site Visitor</b>	The Site Visitor is the University representative who will serve as a liaison between Lindenwood and the k-12 school site you are at for field placement 1 and 2.

## Missouri Student Foliotek

Missouri Standards for School Counselors are represented in the Foliotek. Its completion is required for Missouri students for graduation. The standards are available at: [School Counselor Standards](#). Each course is aligned with the Missouri Standards and students. Every course, students are required to upload the course artifact, a reflection, and select the Professor of record to submit for evaluation. To upload artifacts, the student will access Foliotek through their Canvas Course Shells in the module labeled "Foliotek". Students may also access Foliotek through the School Counseling Student Resource Canvas shell in the Foliotek module. Missouri and Illinois have separate versions based on state standards required for school counselors. Foliotek will be introduced in Foundations of Counseling. **Artifacts and reflections must be uploaded in every course to obtain a final grade in the class.**

Students are required to purchase Foliotek during their first semester. There are two types of assessments in Foliotek to measure competency for both school counseling specific courses (Key Assessments) and other courses required for school and professional counselors (Anchored Assessments). These assessments are the same across all courses, irregardless of whether a student seeks school or professional specialty areas. Access information and more detail regarding these assignments are in the [Foliotek Guide](#) later in this section.

The price of Foliotek is based on the number of years it will take to complete the program. Most students will complete the program in 2.5 to 3 years, based on the number of classes they take each semester. It is recommended students purchase a 3-year license to cover their entire program. Prices as of June 2020 are listed below and may be subject to change in subsequent years.

1 year	\$30
2 years	\$59
3 years	\$87
4 years	\$112
5 years	\$120
6 years	\$125

## Illinois Student Foliotek

Illinois School Content Standards for School Counselors are represented in the Foliotek. Its completion is required for Illinois students for graduation. The Illinois Standards are available at [Content Area Standards for School Counselors](#). Artifacts and reflections for a minimum of 23 school standards. Students are expected in every course, to upload the course artifact, a reflection, and select the Professor of record to submit for evaluation.

### Accessing Foliotek

To access Foliotek, students will navigate to the School Counseling and Student Resources Canvas Shell or any other course shell. Foliotek has its own module in each course and will appear near the top of your Canvas

courses. (**Students should NOT go to [www.foliotek.com](http://www.foliotek.com) to create an account.**) Documents uploaded to Foliotek can be viewed by a few Department of Counseling faculty, advisors, the Field and Clinical Office, and School of Education administrators. Comments posted in Foliotek can also be viewed by all these individuals.

## Missouri School Counseling Standards

### Portfolio Standards and Artifacts Course Matrix

The Educator Preparation Program Portfolio at Lindenwood University is based upon the 5 School Counseling Standards from the Missouri Department of Elementary and Secondary Education. You will also see the themes of the Lindenwood University School of Education School Counseling Conceptual Framework throughout your coursework and within this matrix. In particular, the information contained within this document will be of vital assistance when writing your reflections and in selecting an artifact for each standard. This matrix matches the artifacts with the appropriate courses. As you begin your school counselor preparation program in Foundations of School Counseling (IPC 51000), you will simultaneously begin the work of creating your Foliotek. As you continue through the program, your work will become organized and goal driven showcased in Foliotek. By the time you complete Field Placement 1; you will have a fully documented description of your professional growth and achieved competence in school counseling.

### Key Assessments

Key assessments are found in 5 courses and cover the entire MOSPE Standard through its outlined objectives. The rubrics for each of these Key Assessments is in Foliotek under the corresponding standard and in your Assignments section in Canvas. These will need to be uploaded by the student in both Canvas **and** Foliotek. When uploading to Foliotek, select the course file for which you are submitting on the left-hand of the screen.

The image is a screenshot of a web browser displaying the Canvas LMS interface for Lindenwood University. The browser's address bar shows the URL 'lindenwood.instructure.com/courses/4959/modules/items/1376701'. The page title is 'MO Counseling Portfolio'. On the left, there is a navigation sidebar with various icons and labels like 'Home', 'Announcements', 'Assignments', 'Discussions', 'Grades', 'People', 'Pages', 'Files', 'Syllabus', 'Outcomes', 'Quizzes', 'Modules', 'Conferences', 'Collaborations', 'ProctorU', and 'Office 365'. The main content area is titled 'ASSESSMENT' and 'MO Counseling Portfolio'. It features a 'To-Do List' with several items, each with a checkbox and a due date. The first item is 'Get ready for 'Spring 2019 - Sample Counseling Formative Assessment Rubric'' with a due date of 'due 2.14.2019'. The second item is 'Get ready for 'Test Spring 2018 - Principal Internship Assessment'' with a due date of 'due 4.18.2018'. The third item is 'Get ready for 'SAMPLE - Counseling Formative Assessment Rubric'' with a due date of 'due 1.15.2018'. The fourth item is 'Read comment from Counseling Placement'. In the 'MO COUNSELING PORTFOLIO' section, there is a list of courses: 'IPC 51000', 'IPC 51300', 'IPC 52300', 'IPC 55300', 'IPC 62200/62300/62400', 'IPC 51200', 'IPC 52100', and 'IPC 54100'. The 'IPC 51000' course is circled in red. There is also a 'Tutorials' section on the right with a 'PRESENTATION PORTFOLIO BUILDER' video player.

Next, open the bottom link in that screen titled, “Key Assessment and Reflection”. Upload both your reflection on the assignment and the reflection you wrote to accompany it. Reflection directions are listed later in this chapter and a sample reflection template is in every course Canvas Shell under the Foliotek Module. After uploading your key assessment and reflection, select the instructor of the course to evaluate it, and click the

**green submit button.** Uploads must be in Foliotek **and** Canvas in order to receive an earned grade in the course.

Table of KEY ASSESSMENTS for the SCHOOL COUNSELING PROGRAM

Course	Standard Covered (and all quality indicators are listed in the first paragraph of the reflection)	Assignment Title and what to Upload to Canvas AND Foliotek
IPC 51000 Foundations of School Counseling	Standard #5 – Ethical and Professional Conduct The professional school counselor knows, understands and adheres to current ethical and professional standards and legal requirements. Quality Indicators 1-4.	Personal Theory Paper and Reflection over the entire Standard 5.
IPC 51300 Principles of School Counseling	Standard #2 – Program Implementation The professional school counselor collaborates with school and community members to plan, design, implement, evaluate and enhance the school and district-wide comprehensive guidance and counseling program to advance the academic, career, and personal/social development of all students.	School Counseling Website and Reflection over the entire Standard 2.
IPC 52300	Standard # 3 – Professional Relationships The	Diagnosis and

Adjustment and Learning Issues in Children and Adolescents	professional school counselor develops collaborative professional relationships throughout the school and community which support the comprehensive guidance and counseling program as well as the overall mission and improvement plans of the school and district	Mental status Exam screenshot with grade and Reflection to the entire Standard 3.
IPC 55300 Theories of Counseling Children and Adolescents	Standard #1 – Student Development The professional school counselor utilizes his/her skills and knowledge of student development and behavior to promote the mental health and well-being of all students by facilitating their academic, career, and personal/social development.	Case Study Paper and Reflection for the entire Standard 1.
IPC 62200/IPC 62300/IPC 62400 Field Placement 2	Standard #4 – Leadership and Advocacy The professional school counselor serves as a change agent, demonstrating leadership, vision, collaboration and advocacy for the on-going development of self, students, the comprehensive guidance and counseling program and the school district.	Internal Improvement Review (IIR)  <u>Upload:</u>  Excel IIR completed  Narrative/Paper  SMART Programmatic Goals  SMART Professional Development Goals promoting self-care  Reflection over the entire Standard 4

### **Anchored Assessments**

Anchored assessments are assignments in the remaining counseling courses and cover specific quality indicators under the MOSPE Standards. Anchored assessments are focused and targeted to a specific standard and quality indicator. For example, the anchored assessment for IPC 58200, Lifestyle and Career Development measures your understanding of Standard 1, Quality Indicator 6, Career Development. These more targeted assignments demonstrate more specific content knowledge. Like the key assessments, the anchored assessment rubrics are listed in the corresponding class folder in Foliotek. They are also listed as an assignment in the Canvas course shell of that course. Anchored assessments will also need to be uploaded by the student in both Canvas **and** Foliotek in the course folder.

Next, open the bottom link in that screen titled, “Career Counseling Case Study” and click on the upload link. After uploading your anchored assessment and reflection, select the instructor of the course to evaluate it, and click the **green submit button**. Uploads must be in Foliotek **and** Canvas in order to receive an earned grade in the course.

## Anchored Assessments in Portfolio

Table of ANCHORED ASSESSMENTS for the Missouri SCHOOL COUNSELING PROGRAM

Course	Standard and Quality Indicators Covered	Assignment Title—No reflection required on Anchored Assessments
<b>IPC 51200 Ethics</b>	<p>5.1-5.4: Ethical and Professional Conduct The school counselor knows, understands and adheres to current ethical and professional standards and legal requirements.</p> <ul style="list-style-type: none"> <li>– Quality Indicator 2: Professional Standards: The school counselor knows, understands and practices in accordance with standards associated with the counseling profession</li> <li>– Quality Indicator 3: District and School Policies: The school counselor knows, understands and practices in accordance with local school policy and procedures.</li> <li>--Quality Indicator 4: Legal Requirements: The</li> </ul>	Ethics Case Assessment

	school counselor practices in accordance with local, state, and federal statutory requirements and is familiar with legal resources.	
<b>IPC 52100 Human Growth &amp; Development</b>	<p>Standard #1 – Student Development The professional school counselor utilizes his/her skills and knowledge of student development and behavior to promote the mental health and well-being of all students by facilitating their academic, career, and personal/social development.</p> <p>– Quality Indicator 1: Human Growth and Development: The school counselor demonstrates knowledge of human development and personality and how these domains affect learners, and applies this knowledge in his or her work with learners.</p>	Lifespan Observation Paper

<https://www.isbe.net/Documents/23ark.pdf>

### **Foliotek Summary**

Foliotek is a way to showcase program work, demonstrate understanding of state standards, and tie these together. Documents uploaded to Foliotek can be viewed by a few Department of Counseling faculty, advisors, the Field and Clinical Office, and School of Education administrators. Comments posted in Foliotek can also be viewed by all these individuals. As students progress through the program, they should upload documents to their school counseling Foliotek. For a timeline of assessments, please see the last pages of this document ([Appendix C](#), MO and [Appendix D](#), IL).

As students complete each class, they will upload the course's key or anchored assessment. After uploading, students will click on **big green SUBMIT Button. The student will click on the instructor of the course from the list of names that populate in Foliotek and click "confirm submit"**.

The key assessments and corresponding MO or IL Standard are outlined in the matrices below. In addition, the School Counseling Program contains benchmarks to measure disposition and content knowledge of process and procedures. A full timeline of benchmarks can be found in [Appendices C \(Missouri\) and D \(Illinois\)](#).

### **Reflection Writing Directions for KEY Assessments Foliotek (IPC 51000, IPC 51300, IPC 52300, IPC 55300, and IPC 622/623/624/608 in IL)**

Each student's Foliotek will be uploaded with either a key assessment or anchored assessment 2 weeks before the end of class. Students are required to upload to folder of the course(s) they are taking. Second, students must upload the same assessment to Canvas Course under the Assignments Tab. It must be uploaded to both Canvas and Foliotek in order for the student to earn a grade for the semester.

Key Assessments (ONLY) will require a reflection paper in addition to the Key Assessment. The purpose of this reflection is to for the student to link the assignment to the standard and all of its quality indicators.

Each reflection should be at least one full page in length but must not exceed 1 ½ pages. The appropriate font for each reflection is Times New Roman, 12-point font, single spaced.

The reflection should begin with a heading that includes the title, "Reflection," identification of the appropriate Standard, and the corresponding quality indicator (e.g., R 1.2-Student Development/Counseling Theories and Interventions, also see example below). This heading should be in bold font. Underneath this heading, the reflection should be organized around five components.

**The first paragraph** should reiterate the standard verbatim in bold face type. For example, using Standard 1.2, it might read as follows:

**The school counselor utilizes his/her skills and knowledge of student development and behavior to promote the mental health and well-being of all students by facilitating their academic, personal/social and career development. The school counselor works to maintain skills and current literature with regard to counseling theories and interventions.**

**The second paragraph** should begin with a short introductory statement describing the Standard in the student's own words. The student should write his or her own rendition of the essential information listed in the sub-competencies listed beneath each of the five standards.

**The third paragraph** should describe the student's current level of understanding of the Standard, providing an assessment of his or her current level of understanding or knowledge of the Standard. Include personal experiences, classroom knowledge or professional application as supporting evidence. This paragraph may begin with, "My current understanding of this Standard is..."

**The fourth paragraph** describes the artifact and why it is important. The discussion of the selected artifact is a crucial component of each reflection. Begin with a description of the artifact, remembering that the reader may not be familiar with the artifact. Next, explain why this artifact was selected and how this artifact demonstrates the student's competence with this Standard. This explanation should be analytical, not descriptive. End the paragraph by describing how this artifact helped the student understand the meaning of Standard.

**The fifth paragraph** indicates plans for the future learning in regards to the Standard. Students should describe what activities, continuing education, course work or other methods of training will facilitate growth in this area. Discuss how future activities will demonstrate a growing expertise.

The following example is for a reflection regarding the Standard of Professional Relationships:

## Reflection Example

### R- 3.2 Professional Relationships/Consultation Theories and Strategies in the School, Family, and Community

The professional school counselor candidate understands, develops, and uses systems theories, models, and processes of consultation within school system to enhance student development, well-being, and learning through family-school collaboration. The professional school counselor candidate uses consultation strategies demonstrated to improve communication to promote teamwork; and consultation strategies to coordinate resources and the efforts of staff (teachers, administrators, and other school personnel), to promote school-home relationships through the involvement of parents and other family members, and to involve private and public community agencies in students' academic, career, and personal/social development. The public school system is an entity that involves community ownership. The school district must seek methods to communicate with the public. Communication should be a collaborative process in that no one person or group of administrators monopolizes the operation or principle theory of schools. When the notion of teamwork becomes a commitment, everyone within the system will benefit.

My understanding of the quality indicator has matured throughout the school counseling program. Originally, my contacts with parents were due to low achieving or misbehaving students. Furthermore, it really wasn't a joint effort. I outlined the problem and I expected the parent to determine 20 strategies to change the behavior to conform to my expectations. It makes perfect sense to approach members of the complete school community as an alliance. Teamwork accomplishes goals on a larger scale. Let's face it – the more people involved the more resources available, and the more students we can help. Helping students is the primary focus of a school counselor. We must provide all students with opportunities to develop through various stages of life. The artifact I selected originated from the Francis Howell School District website. The guidance department provides a vast amount of information related to course scheduling, graduation preparation and college preparation. Oftentimes, students ignore crucial information readily available.

Therefore, parents must initiate the process of hunting for colleges or seeking scholarships. Providing parents with the knowledge and tools to better their own child's future potential creates a positive atmosphere. The realization that the guidance department truly desires success for all students will create an environment within the school

community that enhances the lives of our students. The artifact is a wealth of information to the educated parent who actively seeks data to promote the lives of their children. However, what about the parent who prays for the minimal high school graduation? Because our world today is so competitive, people forget about the other half of our community that doesn't progress to college. It would be nice to address issues prevalent in that group of students. Because of the diverse needs of our school's population, communication is an essential ingredient of a successful school district's operation.

I plan to make a commitment to creating a supportive environment for students. In doing so, I realize the necessity of communicating with all groups of our school community. When marketing our school guidance department, it is crucial to remember all types of students and the issues each encounters.

Although the computer is an excellent tool to reach the public, not everyone utilizes it. Sending home hard copies of upcoming programs will reach those who don't have the means or knowledge to acquire access to a computer. Additionally, information could reach the population by publishing data in the local newspaper. My familiarity with promoting positive relationships within the school community will undoubtedly cultivate with time. (MacMillan, 2007, unpublished)

## **How to Upload a Rationale/Reflection in Foliotek**

*Foliotek works best in Chrome or Firefox. Internet Explorer is not recommended.*

1. Click the Foliotek link from your professor's Canvas shell.
2. Click Rationale/Reflection from the left menu.
3. Choose the standard assigned in that class.
4. Click the standard (note that it is time and date stamped when the files were uploaded). In the example below, no files have yet been uploaded.
5. Click "add file" and browse to find your rationale/reflection. Remember to follow the same process for uploading artifacts. All artifacts should be uploaded; there is not a limit on the number of files. If you are uploading large files with pictures, you may want to compress your documents to save file space. Foliotek has instructions for how to do this.
6. Follow instructions from your professor about whether to click "request review" or go under the evaluations tool. You will receive an email with the deadline if you are to use the evaluations tool.
7. Anything that has been uploaded to the field placement application or other areas of Foliotek is viewable by faculty (including your advisor), the certification officer, and the Field and Clinical Experiences Office.

## **Section 4: Field Placement Registration and Processes**

### **Registration Processes**

#### **Administrative Processes and Deadlines for Field Placement 1 and 2**

**Missouri**-Students are instructed to list their 1<sup>st</sup>-3<sup>rd</sup> choice on their application. They are not permitted to phone the schools themselves. If a student has questions about the procedure involved with this process, they are advised to email [counselingplacement@lindenwood.edu](mailto:counselingplacement@lindenwood.edu) for assistance.

Missouri Deadlines:

Spring Field Placement: August 1<sup>st</sup> of the preceding school year. For example, if you are going to take Field Placement 1 in spring 2018, you will need to have all of your materials uploaded by August 1<sup>st</sup>, 2017.

Fall Field Placement: February 1<sup>st</sup> of the same school year.

**Illinois**-Students find their own placement and list the site or site(s) under 1<sup>st</sup> and 2<sup>nd</sup> choices, respectively. Once completed, your application materials should be sent to Dr. Patterson-Mills at [spatterson-mills@lindenwood.edu](mailto:spatterson-mills@lindenwood.edu).

Illinois Deadlines:

Spring Field Placement: January 1<sup>st</sup> of the same semester. Fall

Field Placement: August 1<sup>st</sup> of the same semester.

## Preview

### Request for Field Placement 1

#### Acknowledgement of Field Placement Application Instructions

Please complete the form below. Then save and close it.

#### Request for Field Placement 1

Please complete the form below. Then save and close it.

#### Field Placement Preparation Form

Please complete the Field Placement Preparation Form TEMPLATE provided and upload here.

#### Philosophy of Counseling

Please upload your philosophy of counseling. Remember to include goals you have for your students as well as goals you have for yourself. Please limit your response to no more than one page.

### **Field Placement Pre-Hours Contract**

Under certain circumstances, students enrolled in Field Placement classes may collect pre-hours and Post-Hours prior to the beginning of the semester and after the semester has ended. For the fall semester, hours may not begin any earlier than August 1<sup>st</sup>. For spring semester, hours may not begin prior to January 1<sup>st</sup>. If you wish to collect pre-hours, you must have this contract on file. Please complete the Field Placement Pre- Hours and Post-Hours Contract and upload the signed contract here.

### **TB Clearance**

You are required to submit results of a recent Tuberculosis (TB) test. Test results must be dated no earlier than six months prior to the submission of the Field Placement Application. Additional information regarding Tuberculosis and TB testing may be obtained on the St. Charles County Department of Community Health website, <http://health.sccmo.org/health/>. Please upload TB results here.

### **Professional Liability Insurance**

**Lindenwood University does not provide liability insurance for students.** You are required to purchase and show proof of student liability insurance prior to beginning Field Placement. Student liability insurance may be purchased through the American Counseling Association (ACA), the American School Counselor Association (ASCA), Healthcare Providers Service Organization (HPSO), or National Education Association (NEA). Student Liability Insurance is not health, automobile, homeowners, or any other type of insurance. It is specifically insurance to cover clinical liabilities for counselors. Please upload evidence of membership or documents verifying coverage here. Please upload a copy of the results here.

### **Graduate Transcripts (unofficial)**

You are required to submit an unofficial copy of your graduate transcripts. If you are strictly seeking certification and have completed graduate coursework at another institution(s) other than Lindenwood University, an unofficial copy of that institutions transcript should be included in the Field Placement Application as well. You should print out a copy of your Lindenwood University graduate coursework by accessing your transcript through the Student Portal. Please upload transcripts here.

### **Missouri, Background Clearance (fingerprints and criminal background check)**

If a student is already a fully certified teacher, or already practicing in a Missouri school district, a clearance letter on district letterhead will be accepted in place of a substitute certificate. This must be uploaded to Foliotek under the appropriate Field Placement for which the student is applying. If not, the student needs to obtain a substitute content certification following the directions below.

Substitute Certificate – School Counseling candidates and school counseling field placement students must have a valid substitute certificate. Applications for a substitute certificate must be made through DESE's website. In order to obtain a substitute certificate, the school counseling field placement student is responsible for (in order):

- a. Creating an educator profile at DESE.
- b. Applying for the substitute certificate online.
- c. Sending official transcripts to DESE verifying 60 college credit hours
- d. Having fingerprints taken and sent directly to DESE by using code 2301.

e. Paying the \$50 processing application for the substitute certificate.

How to get finger printed for a substitute certificate.

School counseling field placement students must schedule an appointment to get fingerprints taken through the Missouri State Highway Patrol for a background check and must have the results sent directly to DESE following the checklist provided at the link below using the code 2301: [Highway Patrol, background check](#)

The cost of the fingerprint background check is \$44.80. Prints are valid for one year and may need to be updated and re-sent to DESE in order to receive the initial school counselor certification at the end of field placement experiences.

Once the certificate is issued, it can be printed from the user's profile page under "certification status." Typical turn-around time for issuance of the certificate is one to two days upon receipt of fingerprints, official transcripts and submission of the application online. There is a processing fee of \$50 for the substitute teaching certificate.

You are responsible for obtaining a Family Care Safety Registry (FCSR) Background Screening from the Missouri Department of Health and Senior Services (DHSS). This can be requested online at <http://www.dhss.mo.gov/FCSR>. New applicants are required to pay a registration fee of \$12 by using a valid credit card. Please allow a minimum of four weeks to receive results from DHSS. The clearance letter must be dated no earlier than six months prior to the submission of the Field Placement Application. For students already on file with FCSR, simply call the number indicated on the website to request an updated report. The report will be emailed to you. Please upload a copy of the results here.

### **Illinois, Background Clearance (fingerprints and criminal background check)**

You are responsible for obtaining a criminal background check and fingerprints. This may be completed at your local ROE and the results should be sent to the school where you will be accumulating field placement hours. Each site you are collecting hours should have this on file. An official email from the school human resource officer is required for Lindenwood. This need only state you have passed your background checks and are able to work in the district.

## **Student Responsibilities and Expectations on Site**

It is essential that students read and become aware of Program policies and procedures in the first section of this handbook. It is the responsibility of each student to be familiar with the contents of the Professional Counseling Internship Handbook and, if necessary, to seek clarification of any information by contacting the course professor or an advisor. The Department of Counseling must continue to meet the requirements of the Missouri Department of Elementary and Secondary Education and the Illinois State Board of Education. This is an ongoing process; therefore, the Department reserves the right to change or revise any information, policy, or procedure. Revised information may supersede, modify, or eliminate existing information. Students can access updates to the School Counseling Program on the School of Education, Counseling website at: [Counseling Program Handbooks](#).

### **Mission Statement**

The Department of Counseling at Lindenwood University develops students' potential as professional or school counselors. We recognize the uniqueness of human beings and are dedicated to helping students obtain the knowledge, skills, and experience necessary to facilitate their development as counseling professionals. We prepare students to be ethical, reflective practitioners for work in school and/or mental health settings with

individuals, groups, and families. The Programs are designed to meet the academic requirements toward licensure as a Professional Counselor and/or for recommendation for certification as a School Counselor or School Psychological Examiner.

### **Field Placement Requirements**

Students in the Lindenwood University School Counseling Program must complete two semesters of Field Placement. During Field Placements, the student will engage in the activities of a certified or licensed school counselor and a Lindenwood University faculty member in a group supervision class.

Students are required to keep records of their Internship and submit original documentation of their work at the end of each term to the class professor on the Weekly Log ([Appendix F](#)). Failure to submit completed documents in a timely fashion may result in loss of Field Placement credit for the term. Students should keep copies of all the forms and records they submit to their faculty supervisor. Graduates who plan to pursue school counselor certification or licensure and/or licensure as a Professional Counselor will need to report Internship information during the application process.

### **Professional Conduct**

Students are expected to act in a professional manner and abide by the ethical principles of the American Counseling Association (ACA) and the American School Counseling Association (ASCA). Students are expected to be present at their Field Placement sites during the hours for which they have been scheduled to work; be punctual for appointments with clients or supervisors and other scheduled meetings; be prepared to submit all agency reports and records; and be respectful toward students, faculty, parents and any individuals with whom they have contact. Failure to follow these expectations may result in dismissal from the Program.

### **Dress Code**

Students are expected to dress as appropriate by their site. Typically, this may mean no denim except days that are outlined as denim days at their sites.

### **Direct and Indirect Hours**

Direct and Indirect hours will be required for field placement students in Missouri and Illinois although these ratios vary. Direct service includes activities such as intake interviewing; individual, couples, family, and group therapy; crisis intervention; and assessment. This must be face-to-face contact. Indirect service includes activities such as individual and/or group supervision, training, staff meetings, case preparation, telephone calls, and report writing. Students may carry over excess hours from the first semester Counseling Internship and apply them to their second semester. Counseling Internship students are required to spend a minimum of one clock hour per week in individual face-to-face supervision with his or her Internship Site Supervisor. The Weekly Activity Log ([Appendix F](#)) must be submitted to document these hours. Individual supervision occurs when the student and the on-Site Supervisor meet on a one-on-one basis to discuss the student's work with clients. Administrative supervision does not count towards this requirement. Students are encouraged to arrange for as much agency supervision as possible.

### **Pre-Hours**

Under certain circumstances, students enrolled in field placement classes may collect pre-hours prior to the beginning of the semester. To collect pre-hours, several conditions must be met. A completed Application Packet must be submitted and approved for the site, the student must be enrolled in the appropriate field placement class, and the Field Placement Site Supervisor, on behalf of the site, must agree to accept responsibility for any liability incurred by the student's actions should the student collect direct hours during that time. The Counseling Internship Site Supervisor should provide documentation of his or her acceptance of liability by completing the Counseling Internship Pre-Hours Contract. The Counseling Internship Pre-Hours

Contract must be submitted with the Counseling Internship Application Packet prior to the collection of pre-hours. The Contract can be found in the appendices of this handbook. Should students fail to comply with all conditions regarding the collection of pre-hours, hours collected during that time will not be accepted. Counseling Internship Extension Should a student be unable to complete the required hours of Counseling Internship within the semester, he or she will receive an Incomplete for a grade.

As a rule of thumb, pre-hours may begin August 1<sup>st</sup> for Fall Semester and post hours may be gathered until the end of December. All criteria above must be met to earn pre and post hours. For Spring semester, pre-hours may begin on January 2<sup>nd</sup> and accrue until May 31<sup>st</sup>.

## Hour Requirements

### Missouri

**Field Placement 1** consists of 150 clock hours, minimum for a single level of certification (k-8 or 7-12). Students who entered the program Spring 2020 or prior will be required to complete 150 hours only, including for k-12 certification. Students admitted after spring 2020, must complete 300 hours if they are seeking k-12 certification, based on DESE Matrices approved for Lindenwood University. The purpose of the first field experience is to provide students with knowledge of various school counseling work environments. It provides students the opportunity to apply knowledge gained in the classroom and through the practice of School Counseling. Field Placement 1 typically occurs in one placement setting.

**Field Placement 2** consists of 300 clock hours. The purpose of the second field experience is to allow the process of changing roles from school counselor candidate to a professional school counselor to occur. This complex transition takes place over a period in small increments. The candidate is provided an intensive exposure to a school counseling setting. Field Placement 2 may occur at two placement settings.

Candidates have several options with respect to Field Placement. The option ultimately selected depends upon the certification(s) desired. Students must keep in mind that their Field Placement experience should include the grade level they are pursuing for certification. Field Placement options include:

#### Candidates seeking K-8 Certification

Any combination of elementary school or middle school over the course of Field Placement 1 and Field Placement 2.

#### Candidates seeking 7-12 Certification

Any combination of middle school or high school over the course of Field Placement 1 and Field Placement 2.

#### Candidates seeking K-12 Certification

Any combination of elementary school, middle school, or high school (must have one placement in an elementary setting and one placement in a secondary setting over the course of Field Placement 1 and Field Placement 2).

### Illinois

**Field Placement 1** consists of 350 clock hours. The purpose of the first field experience is to provide students with knowledge of various school counseling work environments. It provides students the opportunity to apply knowledge gained in the classroom and through the practice of School Counseling. Field Placement 1 occurs in one placement setting.

**Field Placement 2** consists of 350 clock hours. The purpose of the second field experience is to allow the process of changing roles from school counselor candidate to a professional school counselor to occur. This complex transition takes place over a period of time in small increments. The candidate is provided an intensive exposure to a school counseling setting. Field Placement 2 may occur at two placement settings.

Candidates have several options with respect to Field Placement. The option ultimately selected depends upon the certification(s) desired. Students must keep in mind that their Field Placement experience should include the grade level they are pursuing for certification. It is strongly encouraged students spend each placement at a different grade level to gain exposure to developmental differences in the pk-21 school setting.

## Field Placement Extension

Should a student be unable to complete the required hours of Field Placement within the semester, he or she will receive an Incomplete for a grade. If the student receiving an Incomplete is in Field Placement 1 and has completed more than half the required hours of Field Placement 1, the student should enroll in Field Placement 2 the following term. Any student unable to complete the required hours of Field Placement 2 must enroll in a section of Field Placement Extension the following term. Enrolling in the Field Placement Extension course will allow students to continue to receive supervision from Lindenwood University faculty by attending the Field Placement class as they complete their Field Placement hours. All other coursework for Field Placement must be completed prior to enrolling in Field Placement Extension. Field Placement Extension is a zero credit hour course. A \$50.00 fee is charged for each extension.

If the student receiving an Incomplete is in the first semester of field placement and has completed more than half the required hours of field placement, the student should enroll in the second semester of field placement the following term. Any student unable to complete the required hours of the second semester field placement must enroll in a section of field placement extension the following term. Enrolling in the field placement extension course will allow students to continue to receive supervision from Lindenwood University faculty by attending the field placement class as they complete their Internship hours. All other coursework for field placement must be completed prior to enrolling in field placement extension. Field placement extension is a zero credit hour course. A \$50.00 fee is charged for each extension.

## Incomplete Coursework

A grade of I (Incomplete) is awarded at the end of a term only for failure to complete course work due to exceptional circumstances beyond the student's control. Such circumstances include documented illnesses or extremely disruptive personal circumstances. A grade of Incomplete is also appropriate when a Field Placement did not provide sufficient hours to satisfy requirements. In the case of Field Placement shortages of hours, all other course work should be completed on time. When the requirements for the course have been met, the Professor will complete a Change of Grade Form which is then submitted to the Assistant Dean for approval. An I grade must be resolved prior to the end of the next term (see catalog deadline dates), otherwise it automatically becomes an F. In rare circumstances a request to extend the time needed to resolve an Incomplete grade may be submitted to the Registrar no later than two weeks before the date the grade is due. Such a request will then be sent to the Provost to be considered for approval. In some cases, students may not be allowed to register for future terms until the Incomplete grade is resolved.

## Outcome Research Project in Field Placement 1

**Goal:** Outline a comprehensive evaluation process (including continuous program improvement) you can use to improve services to students, focusing on key attitudes, skills and knowledge of identified students who undergo specific interventions. Review and apply at least one ASCA mindset and behavioral goal that is developmentally applicable to your age group.

## Steps:

Talk to your site supervisor about some issue that you can help with at your school. Write a goal to address this issue. The goal should be written in positive terms and should be measurable and observable. (SMART Goals)

### 1. Align your SMART goal with the following:

- Missouri Grade Level Equivalencies
- Align your SMART goal with the ASCA Mindsets and Behaviors -ASCA National Competencies/Goal. To align with ASCA, go to the [ASCA website](#). You can pull up the ASCA Mindset and Behaviors List (from the taskbar at the top) and select at least one that matches your SMART goal.

If you would like help in selecting the appropriate mindset/behavioral goal, you can also select the top menu button titled “Mindsets and Behaviors”. You will then see the screen below. Select the top item, “Search for a Student Competency”.

Once you are on this page, you have two options. You may search by topic or grade level. To search by topic, you may enter some key words for the issue you will be working with. It may be something like, “frustration”; “anxiety”; “study habits”; etc. (see screen below)

To search by grade level, you will select the other screen option “Advanced Search” and enter the appropriate information.

(This should take you to an ASCA mindset or behavior appropriate for your grade level. You can be very fancy and search by grade level and issue under advanced search, too.)

### 2. Create your intervention.

You will create a unit (2-3 lesson plans following the same theme) that you will implement with a class or a small group (not with an individual student). You may follow the [lesson plan template on the DESE website](#) or you may choose the following Task 2 template for your [Lesson Plans](#). If you chose the Task 2 template, select Task 2 Word Format so that you can type onto the lesson plan with your own information (see screen shot below).

Keep track of what happens in each lesson so you can report on how the lesson went and the general reception of the information presented -anecdotal.

### 3. Create your measure.

To measure student progress, you will need to create a pre-and post-test. This is the same instrument administered before the intervention (the entire unit) and then after the intervention. You are required to include at least one question for each of the ASCA areas described below.

- Attitudinal** (change in student’s attitude toward the issue/goal)
- Skills** (change in student’s behavior regarding the issue/goal)
- Knowledge** (change in student’s cognitive understanding about the issue/goal)

See Hatch (2014), Chapter 7 beginning on page 241 for in-depth explanations and examples.

### 4. Determine what additional types of data are going to be used to help with the overall process. There are three main sources of data, process, perception and outcome data. These are defined below:

- Process data-project number of students affected by intervention
- Perception data-type of surveys and assessments to be used
- Outcome Data-achievement (grades), attendance, and or behavior data

5. Create an Excel spreadsheet to track the pre and post test scores of each student.

Upload the Pre-post test scores from the project to Foliotek.

**DO NOT start working with the students** until your project has been approved by the professor.

Format for the paper

Paper should be written in APA style with an abstract, running head, reference page and appendix.

1. Demographics/overview of district and your school
2. Statement of the issue to be addressed based on your school's identification of the identified group. This should include a rationale for the selection of the identified goal and pre- post- test questions.
3. SMART goal, GLEs and ASCA Mindset/Behavioral Goal
4. Interventions used which may include a psycho-education group aimed at a specific issue, or a series of guidance lessons on an identified topic. To design your lesson, you may use either template listed above. Discuss what happened during the lessons. If you are borrowing ideas, list credit for the interventions in reference page. Put a copy of worksheets used in the appendix or appendices.
5. Methods of evaluating progress include your pre-post test results (attitude, skills and knowledge data) and process, procedural and outcome data available to you.
  - Discuss the rationale behind the pre- and post- test measure.
  - Clearly describe the *type* of data gathered (Process, Procedural and Results)
6. Results of the evaluations should include process data (what was done, numbers), perception data (anecdotal evidence, stories of what you observed) and results data (objective and measurable outcomes). Results data would include *graphs* of pre-post test results.
7. Conclusion of the effectiveness of the interventions
8. What you learned from this project as a school counselor

Format for interactive presentation:

The power point presentation should discuss **the intervention applied to your student group.**

1. Presentation should be interactive:
  - Move around room (don't just stand behind the podium)
  - Ask questions of your audience; get them involved
  - Highlight your main points and make sure that when you are finished, your audience knows these points
  - Do not read your visual presentation (power point, prezi type technology)- know what you are saying so you can talk to the audience and not just read notes or screen
  - Do not put too much text on the screen- use bullet points, visually appealing graphs, pictures
  - Bring the group process to life with examples and stories

- Speak clearly and at a moderate pace
2. Presentation should follow the steps outlined in the paper.
  3. Interactive presentation should be around 15 minutes. Points will be deducted if it goes over 25 minutes.

Paper and power point presentation should be uploaded to Canvas before your presentation in class.

## **Section 5: Site Supervisor Resources-This section should be shared with site supervisors and is often shared with site supervisors by site visitors, also.**

### *Letter from the Department of Counseling*

Dear Site Supervisor:

Thank you for considering one of our school counselors-in-training for a Field Placement in your school. The purpose of this manual is to familiarize you with the essential elements of the Field Placement. This manual also provides information regarding the standards for a Field Placement experience as required by the Department of Elementary and Secondary Education and the Lindenwood University Counseling Program standards.

Hosting an intern can be a wonderful experience for all involved. A successful Field Placement provides students with an unparalleled opportunity to apply their classroom learning to the workplace. Field Placements also provide host schools with high-achieving workers who bring fresh perspectives and ideas. In order for a Field Placement to be successful, both the site supervisor and the intern must understand how this field experience differs from a job, and both must commit to working together to make the most of the opportunity.

We look forward to working with you and hope this will be an enjoyable experience that you will want to repeat in the future. Please keep in touch if we can help in any way. Should you have any questions or desire additional information, please feel free to contact any member of the Lindenwood University Department of Counseling.

Sincerely,

The Counseling Department at Lindenwood University

## Field Placement Description in the Lindenwood System

The School Counseling Program culminates in two terms of Field Placement, during which the student engages in the activities of a School Counselor under the supervision of a certified School Counselor and a Lindenwood University faculty member. These Field Placement experiences are considered a critical component of the School Counseling Program. The Field Placement experiences provide interns with a variety of field experiences intended to build and reinforce pedagogical knowledge and skills. Specifically, the Field Placement experiences are intended to develop the following competencies: application of developmental and ethical principles while maintaining school policies in working with learners in a variety of school counseling activities; utilizing cultural sensitivity and awareness in counseling activities; utilizing assessment results in counseling activities as well as individual planning and career development activities; designing, implementing and evaluating developmentally appropriate guidance activities; collaborating with other school personnel in the delivery of a guidance curriculum; knowledge of crisis interventions and appropriate referral procedures; the ability to use available technology for planning as well as for managing and delivering a guidance program; developing and promoting professional relationships within the school and community to promote the development of all learners; implementation of methods to promote both personal and professional development; demonstration of accountability through the outcome research project; and development of a professional, electronic portfolio called Foliotek.

During the Field Placement experiences interns meet regularly with their site supervisor and their university instructor, both of whom monitor the field work. Interns submit weekly activity logs in which they report their hours and the activities in which they engaged during the week. These logs will not be accepted without the site supervisor's signature. We encourage Site Supervisors to sign these forms as part of the weekly face-to-face supervision hour with their intern. Part of that hourly session should address how these hours were met. In addition, Site Supervisors submit evaluations of their interns' skill development at midterm and at the end of the term directly to the interns' portfolio account on Foliotek, an online portfolio management system.

### Process for Hours Submission

The *Weekly Activity Log* ([Appendix F](#)) is to be submitted by the intern, to Foliotek every week. Students should name the uploads with the week number and dates of the work week listed. For example, "Week 1 August 1-August 5". If students have any questions, they may contact [counselingplacement@lindenwood.edu](mailto:counselingplacement@lindenwood.edu) and the field placement instructor.

### Professional & Ethical Practices

Students are expected to act in a professional manner and abide by the ethical principles of the American Counseling Association (ACA) and the American School Counselors Association (ASCA). Students are expected to be present at their Field Placement sites during the hours for which they have been scheduled to work; be punctual for appointments with students or supervisors and other scheduled meetings; be prepared to submit all school/district reports and records; and be respectful toward students, parents, staff, and any individuals with whom they have contact. Students are also expected to attend institute days, workshops, faculty meetings, and all activities expected of regular school counselors.

## Missouri Student Hour Requirements

School Counselor interns complete a minimum of 150 clock hours of field-based experience during Field Placement 1 and a minimum of 300 clock hours of field-based experience during Field Placement 2 for a total of 450 clock hours of field based experience. Students who are seeking a degree in Professional Counseling as well must complete 300 hours in Field Placement 1 in order to fulfill the Internship requirements for Professional Counseling; therefore, if your Field Placement intern is seeking Professional Counseling credentials as well as School Counselor certification, he or she will be seeking more hours in Field Placement 1. Details regarding percentages of time can be found in [Appendix G](#). If a student wishes to be eligible for professional licensure in Missouri, they will be required to earn a minimum of an additional 150 hours at a school or professional placement site.

## Illinois Student Hour Requirements

School Counselor interns complete a minimum of 350 clock hours of field-based experience during Field Placement 1 and a minimum of 350 clock hours of field experience during Field Placement 2 for a total of 700 clock hours of field based experience. There are no additional hour requirements for professional counseling in Illinois; however, there are additional course requirements as listed on the Illinois School Counseling Program Planner ([Appendix B](#), all electives must be taken to be eligible for Illinois professional licensure). Details regarding percentages of time can be found in [Appendix G](#).

Students with a minimum of 2 years full time teaching position in Illinois are eligible to complete fewer hours. The total for each semester is 250 for a grand total of 500 hours. Each semester, the student must complete 140 direct hours of counseling. 25 of the 140 hours must be classroom counseling and/or small groups.

**NOTE: As part of the application process, all Lindenwood University School Counseling Interns are required to complete a background check, obtain a TB release, obtain student liability insurance (obtainable through ACA, ASCA, NEA, MNEA, or HPSO), and complete a fingerprint-based background check).**

## Role of the Site Supervisor

The site supervisor is a person who has expressed a willingness to supervise and serve as a mentor for a developing professional. The site supervisor is the key person at the school site who facilitates and supervises all of the activities in which the intern will be participating. When the Field Placement experience begins, the site supervisor is asked to orient the student to the Field Placement site. Specifically, the site supervisor should:

- Introduce the student to co-workers
- Give a tour of the school and discuss its origin, mission, and function
- Explain the duties and responsibilities of the intern and tasks as related to others in the school
- Emphasize the importance of confidentiality as it relates to your organization
- Determine the student's Field Placement schedule and establish a policy for covering absences
- Inform the student of your school's dress code and what you expect from the student in this regard
- Inform the student of the district's Acceptable Use Policy

- Provide one hour each week of face-to-face supervision of the intern
- Monitor and sign the intern's Weekly Activity Log
- Provide feedback on the intern's performance during the site visit by the faculty representative
- Provide a mid-term and final evaluation of the intern(on-line)
- Provide certification of counseling Field Placement completion

## Group Supervision

During Field Placement, interns are required to meet for group supervision class on the Lindenwood campus. A member of the program faculty conducts group supervision. The Field Placement course requires that students meet in group supervision for a minimum of 2 hours per week, scheduled weekly throughout the semester. Students receive credit for hours attended in group supervision towards their required clock hours.

## Outcome Research Project

Students in Field Placement 1 must complete an outcome research project. This project allows School Counselor interns to gain experience in creating interventions that can be evaluated to see if their work is making a difference in their students' lives. Outline a coherent evaluation process you can use to improve services to students, focusing on key attitudes, skills and knowledge of identified students who undergo specific interventions (A.S.K). Review and apply at least one ASCA mindset and behavioral goal that is developmentally applicable to your age group.

Details regarding this project can be found in the [here](#).

## Evaluations of Interns

School Counseling interns are evaluated by site supervisors at mid-term and at the end of the term of Field Placement. These evaluations are completed by the site supervisor on-line through Foliotek. The information from these evaluations is important for the improvement of each intern. The aggregated data is monitored for purposes of program improvement.

### Missouri Site Supervisors

Missouri site supervisors will receive an email link to a midterm and final intern evaluation in FP 1 and FP2 from the Field and Clinical Experiences Office. These dates will be made available in the syllabus and relayed to site supervisors by the university site supervisor. The evaluation is the DESE School Counselor MEES Assessment. The university site supervisor will be completing a minimum of 3 site visits and completing the same assessment per MO DESE requirements during those visits. Training materials are available from the site visitor.

### Illinois Site Supervisors

Illinois site supervisors will receive an email link to a midterm and final intern evaluation in FP 1 and FP2 from the Field and Clinical Experiences Office. These dates will be made available in the syllabus and relayed to site supervisors by the university site supervisor. The Illinois evaluation is based on the Daneilson Model and aligned with ASCA Standards.

If you need help accessing the account or have any questions about this process, contact Dr. Janette Ralston at [jralston@lindenwood.edu](mailto:jralston@lindenwood.edu). School Counseling interns are evaluated by site supervisors at mid-term and at the end of the term of Field Placement. These evaluations are completed by the site supervisor on-line through Foliotek.

## Resolving Problems

Despite everyone's best efforts, problems sometimes arise. If you experience a conflict with a student intern, please observe the following procedures for handling problems:

- Address the student directly regarding the issue (s). Usually this face-to-face meeting is sufficient to clarify expectations and clear up any miscommunications.
- If the problem persists after addressing the student directly, contact the Faculty Representative or any school faculty member listed in this handbook. Any of these faculty members can arrange mediation between the student and your organization. If necessary, the faculty representative can arrange to place the student at a different site.
- If the student is consistently late or frequently absent, contact the Faculty Representative or any school faculty member listed in this handbook. Please track any and all absences and tardy arrivals by date. A percentage of each student's grade is based upon reliability of service.

## Site Observations, Missouri only

Each student's Field Placement site will be visited by a University faculty member. The faculty member will conduct three observations of the student engaged in School Counseling activities. The three observations should be scheduled for the same visit. Students are expected to provide an overview of their activities at the Field Placement site as well as to demonstrate three types of counselor activities: individual counseling (with a student or consultation with a teacher, parent, or administrator); small group counseling; and classroom guidance. Counseling interns are responsible for coordinating visits by the faculty representative. The observations should be scheduled at a mutually convenient time in collaboration with the site supervisor. The following forms are what will need to be completed by the site supervisor.

## Section 5: Certification and Endorsement Procedures

### Missouri Certification

Missouri School Counselor Certification is not automatically granted upon graduation from the program. Upon completion of the program, students must apply for School Counselor Certification through the Missouri Department of Elementary and Secondary Education. All certification applications must be completed through the Missouri Department of Elementary and Secondary Education's online system, [Certification | Missouri Department of Elementary and Secondary Education](#)

In addition to the certification, application made online, all students must register with the Department of Elementary and Secondary Education for certification.

APPLY FOR CERTIFICATION WITH DESE:

#### [Certification](#)

Create an account and password

1. Click **EDUCATOR CERTIFICATION SYSTEM**
2. Click **OK**
3. Applications > Student Services > Initial Student Serv
4. Answer the Professional Conduct Questions
5. Be sure to choose LU in the drop down

If you have additional questions about certification, you may contact Dr. Tammy Moore at [tmoore@lindenwood.edu](mailto:tmoore@lindenwood.edu) or your advisor.

Students must submit fingerprints that have been updated within the past twelve months in order to obtain Missouri teacher certification as a School Counselor. In most cases, fingerprinting completed for Field Placement will be outdated and will require the student to complete fingerprinting again for certification purposes. If the student has completed fingerprints within the last twelve months for a Lindenwood University School Counseling Field Placement, the student should contact their advisor to learn how to obtain a copy of their fingerprints to submit to DESE for certification. DESE has chosen 3M/Cogent Corporation through the Missouri Automated Criminal History Site (MACHS) as the vendor for fingerprints for all candidates. Though students will have registered through this site prior to Field Placement, students will need to register again to update their fingerprints and have their results sent directly to DESE.

To register with the Missouri Automated Criminal History Site (MACHS), visit their website, [MACHS](#). From the homepage, select the Fingerprint Portal. Select the option requiring the four-digit registration number to begin the registration process. At the top of the registration page, enter the four-digit registration number, **2301**, and then click "Enter." Verify the agency information (Department of Elementary and Secondary Education) and begin entering personal data into the spaces provided. When finished, select "Register." Students will be provided with a Transaction Control Number (TCN). Students should keep this number on file, as it will be used to track fingerprints in the future. Upon verification of the information entered, select "Schedule." Please contact 3M/Cogent at 1-877-862-2425 or the Missouri Highway Patrol at 1-573-526-6312 with any inquiries regarding this process.

Students will have the option to pay online or at the time of the appointment. 3M/Cogent charges \$44.80 (fee subject to change without notice) for fingerprinting services. Once payment arrangements have been made, students are required to schedule an appointment at a fingerprint service site. Students are encouraged to print the appointment information for their records.

Due to the heavy volume of Teacher, School Counselor, Administrator, Career Administrator, and Superintendent Certification applications, students can expect it will take approximately 4-6 weeks from the time the degree is posted for Lindenwood University's Certification Officer to process student paperwork and send it to the Missouri Department of Elementary and Secondary Education. The Department of Elementary and Secondary Education anticipates an additional 6-8 weeks to process student paperwork once it is received.

Lindenwood University reserves the right to not recommend a student for state certification or licensure, regardless of grades earned and requirements fulfilled, if the student's pattern of conduct is inconsistent with generally accepted professional standards.

## Provisional Certification-Missouri

Lindenwood University will assist students in acquiring a two-year, nonrenewable certificate (Provisional Certification). Students must be within 12 hours of completing the required school counseling coursework at Lindenwood University. Eligibility is contingent upon DESE approval, a request of an employing school district, and completion of an academic contract by the University. To initiate an application, the employing school district will need to do so by completing the proper paperwork online through the Missouri Department of Elementary and Secondary Education's website: [Student Services - Personnel](#).

Upon your completion of your application, Lindenwood University's Certification Officer, Dr. Tammy Moore. Dr. Moore can be reached at [tmoore@lindenwood.edu](mailto:tmoore@lindenwood.edu).

## Missouri Educator Evaluation System School Counselor Performance Evaluation.

School Counseling Candidates in our Master of Arts, School Counseling track who did not pass the Missouri School Counseling Performance Assessment (MOSCPA) by September 1st, 2018, will be recommended for certification if they meet ALL of the criteria below.

1. Student has passed Field Placement 1 and Field Placement 2 with a “B” or better respectively.
2. Student has passed the School Counseling Content Assessment.
3. Student has demonstrated proficiency and completed the required Foliotek representing all MOSPE School Counselor Standards.
4. Student must be eligible for or have the Master of Arts, School Counseling conferred. Degree conferrals for spring semester is May 30th, summer semester is August 30, and Fall Semester is December 30.

## Illinois School Counselor Endorsement

Illinois honors Missouri certification to obtain Illinois School Counselor Certification under certain conditions. If you are attending the Belleville Campus, you need to apply for Illinois endorsement to become a school counselor. To initiate the process, you need to email [spatterson-mills@lindenwood.edu](mailto:spatterson-mills@lindenwood.edu) and upload your Illinois Content Test Exam to your Foliotek. Second, you need to create an account in the Educator Licensing System on the Illinois State Board of Education (ISBE) site. To create an account:

APPLY FOR CERTIFICATION WITH ISBE: <https://www.isbe.net/licensure>

1. Click on the “Log into ELIS” logo.
2. Click on “Educator Access, Log in to your ELIS Account”.
3. Select first time user link on the right to create an account.

Additional requirements for IL Endorsement for a School Counseling license (but NOT graduation) are:

1. A passing score on the ACT plus writing must be earned as it is being used as a Basic Skills Test. You need 22 or higher on the ACT plus writing if test date is no older than 10 years. Students may register at [https://www.il.nesinc.com/TestView.aspx?f=HTML\\_FRAG/IL400\\_TestPage.html](https://www.il.nesinc.com/TestView.aspx?f=HTML_FRAG/IL400_TestPage.html).

## Appendix D, Illinois Foliotek Assignments and Benchmarks

School Counseling Program Benchmarks, Illinois	Course or when completed	Description
School Counseling Pretest	IPC 51000	Student completes a pre-test over school counseling knowledge
School Counseling Posttest	IPC 62100	Student completes a pre-test over school counseling knowledge
Disposition Assessment	IPC 51000/IPC51100 IPC 55300 IPC 60800 Any other time, as warranted	Filled out by instructor and feedback provided to student
Foliotek	Ongoing and IPC 51301	Student provides 23 artifacts and reflections for all standards
Key Assessments	In every course (see IL Matrix p. 31)	Students will be evaluated on a standardized key assessment in every class. Students must score at or above meeting the standard (minimum of 75%).
Illinois School Counseling Content Exam	IPC 60900	End of Field Placement I

## **Appendix E,**

### **Disposition Assessment Procedures Pre-Service Counselor Candidate Disposition Assessment Lindenwood University Counseling Division**

#### **Dispositions to be assessed from the Lindenwood University Conceptual Framework**

##### **Pre-service counseling candidates will:**

1. demonstrate commitment to core counseling skills.
2. demonstrate the ability to incorporate counseling theory and research into clinical practice.
3. demonstrate respect for cultural and individual differences.
4. demonstrate a strong commitment to high ethical standards and professionalism.
5. demonstrate the ability to collaborate with family, other professionals, and community resources.

##### **Procedures for Lindenwood University's Counseling Division Disposition Assessment**

1. Pre-service candidates will be informed of the dispositions which will be assessed during their first class, IPC 51000 Foundations of School Counseling or 51100 Foundations of Professional Counseling. This will also be discussed by counseling advisors at the first meeting with the candidate as the pre-service counseling candidate's program is being developed and in the Handbooks. Candidates will be provided with information to access handbooks on-line during their initial enrollment period. This information will include a table with the courses this assessment is implemented in.
2. Dispositions will be assessed and discussed with the candidate at the end of the Foundations class by instructor and advisor, using the Pre-Service Counselor Candidate Disposition Assessment. The "Pre-Service Counseling Candidate Disposition Assessment" will also be completed following the completion of IPC 55100 Theories of Counseling (professional) or IPC 55300 Theories of Counseling Children and Adolescents (school). All data will be reviewed at completion of Internship (professional) or Field Placement (school). Recommendation for certification for school counseling candidates will be contingent upon a favorable assessment. Instructors will discuss the completed assessment instruments with the Pre-service counseling candidates and will provide copies of completed forms and to advisors to be included in the candidates' Counseling Division files.
3. Whenever there is a concern or an exemplary action regarding a pre-service counseling candidate's disposition, documentation will be written, discussed with the candidate by the appropriate faculty member or advisor, and kept in the pre-service candidate's Counseling Division file. Candidates will be provided a copy of all completed disposition forms and documentation. Concerns and exemplary actions will be considered as applicable at each decision point.
4. If a pre-service counseling candidate has not made satisfactory progress toward meeting the disposition outcomes, he or she will not be allowed to move to the next step in the program. (See

Pre-Service Counseling Candidate Disposition Assessment Timeline “When” benchmarks.) If necessary, a “plan for improvement” for the pre-service counseling candidate will be developed jointly by representatives of the Counseling Division as well as representatives of other divisions if necessary.

5. The pre-service counseling candidate may file an appeal if admission or continued progress is not permitted.

**Pre-Service Counseling Candidate Disposition Assessment Timeline**

<b>When:</b>	<b>How:</b>	<b>By Whom:</b>
During Foundations class (IPC 51000 for School or IPD 51100 for Professional candidates)	“Pre-Service Counseling Candidate Disposition Assessment” completed by instructor; results reviewed with pre-service counseling candidate.	Instructor of IPC 51000 or IPC 51100 class; Department Chair, or Assistant Dean if needed
Any time concerns or exemplary actions are identified	Concerns or exemplary action is documented and discussed with the pre-service counseling candidate.	Counseling Division faculty member or advisor
After theories classes (IPC 55100 for Professional and IPC 55300 for School candidates)	Pre-Service Counseling Candidate Disposition Assessment” will be administered.	Instructors of IPC 55100 or IPC 55300
During Internship (IPC 62000 for Professional) or Field Placement (IPC 62100 for School) classes	Completion of the “Pre-Service Counseling Candidate Disposition Assessment” information discussed with candidate, along with mid-term counselor evaluation by site supervisor for School Counseling Candidates	Instructors of Internship or Field Placement classes and cooperating site supervisor of Counseling Candidates
During Field Placement II (IPC 62200 for School) class	Completion of student portfolio	Cooperating site supervisor and Field Placement instructor
End of Internship (IPC 62000 for Professional) class	Review site supervisor evaluation	Site supervisor and internship instructor
Program completion	Review of all disposition data	Advisor, Counseling Division Cabinet members, Assistant Dean of Counseling

**Pre-Service Counseling Candidate Disposition Assessment**  
**Lindenwood University**  
**Department of Professional and School Counseling**

**Student** \_\_\_\_\_ **Date** \_\_\_\_\_ **Evaluator** \_\_\_\_\_

Disposition One: The counseling candidate demonstrates commitment to core counseling skills.

**Relationship Skills**

	Needs considerable improvement	Needs improvement	Typical for level of training, experience	Strong	Very strong	Not applicable
Attends through eye contact, posture, and gesture to communicate interest and warmth to client.	0	1	2	3	4	n/a
Paraphrases the client's basic message to test own understanding and to demonstrate understanding.	0	1	2	3	4	n/a
Facilitates client's verbal behavior; encourages client to open up, to expand.	0	1	2	3	4	n/a
Labels client's feelings consistently and accurately.	0	1	2	3	4	n/a
Deals with client behavior in non-judgmental, non-threatening way.	0	1	2	3	4	n/a
Recognizes and labels client values, whether stated or implied.	0	1	2	3	4	n/a
Deals openly with alternative points of view and lifestyle/cultures.	0	1	2	3	4	n/a
Checks perceptions/assumptions to eliminate confusion and verify accuracy.	0	1	2	3	4	n/a
Responds to client questions non-defensively and helpfully.	0	1	2	3	4	n/a

**Therapeutic Skills**

Clarifies by helping to sort out client's feelings, actions, and behaviors.	0	1	2	3	4	n/a
Probes to elicit needed information not volunteered by client.	0	1	2	3	4	n/a
Confronts client with incongruities in words or actions.	0	1	2	3	4	n/a
Tolerates and maintains periods of therapeutic silence to foster client growth.	0	1	2	3	4	n/a
Moves a dialogue toward greater concreteness and specificity.	0	1	2	3	4	n/a
Recognizes and labels client feelings toward self and beliefs about self.	0	1	2	3	4	n/a
Makes and tests tentative hypotheses in interpersonal context.	0	1	2	3	4	n/a
Provides feedback (positive and negative) to client; deals with immediacy of therapeutic relationship.	0	1	2	3	4	n/a
Encourages client responsibility and risk-taking, both in and out of session.	0	1	2	3	4	n/a
Assesses cases using appropriate assessment techniques and instruments.	0	1	2	3	4	n/a
Formulates and implements appropriate treatment plans.	0	1	2	3	4	n/a

Total Score:

**Disposition Two: The counseling candidate demonstrates the ability to incorporate counseling theory and research into clinical practice.**

Outlines and explains the process and stages of his/her theory of counseling.	0	1	2	3	4	n/a
Is familiar with the therapeutic interventions of his/her chosen theory.	0	1	2	3	4	n/a
Demonstrates an understanding of the stages of counseling and ability to	0	1	2	3	4	n/a

implement appropriate actions at each stage.						
Applies the theory appropriately.	0	1	2	3	4	n/a
Knows, or gains knowledge of, various specific populations or issues relevant to client needs.	0	1	2	3	4	n/a
Coherently summarizes client concerns and possible contributing/relevant factors.	0	1	2	3	4	n/a

Total Score Disposition Indicator 2:

	Needs considerable improvement	Needs improvement	Typical for level of training,	Strong	Very strong	Not applicable
<b>Disposition Three: The counseling candidate demonstrates respect for cultural and individual differences</b>						
Utilizes language that demonstrates sensitivity to cultural, gender, and sexual orientation issues.	0	1	2	3	4	n/a
Is tolerant of and responsive to ideas and views of others.	0	1	2	3	4	n/a
Is respectful of and responsive to individual differences.	0	1	2	3	4	n/a
Provides equitable opportunities for all persons.	0	1	2	3	4	n/a
Considers backgrounds, interests, and attitudes of all persons.	0	1	2	3	4	n/a
Demonstrates comfort in raising issues of difference or diversity.	0	1	2	3	4	n/a

Total Score:

**Disposition Four: The counseling candidate demonstrates a strong commitment to high ethical standards and professionalism.**

Complies with the Code of Ethics of the ACA and abides by accepted social/moral codes of behavior.	0	1	2	3	4	n/a
Demonstrates knowledge of and adherence to course, University, and site expectations, policies, and procedures.	0	1	2	3	4	n/a
Accepts and applies feedback from supervisor and instructor nondefensively.	0	1	2	3	4	n/a
Is honest and trustworthy in communication and interaction with others.	0	1	2	3	4	n/a
Maintains a positive attitude during and outside of class.	0	1	2	3	4	n/a
Is punctual and regularly attends class.	0	1	2	3	4	n/a
Recognizes personal limitations and seeks to compensate for/overcome them.	0	1	2	3	4	n/a
Recognizes personal strengths and seeks ways to enhance them.	0	1	2	3	4	n/a
Is an independent learner.	0	1	2	3	4	n/a
Demonstrates ability to communicate effectively in writing.	0	1	2	3	4	n/a
Demonstrates effective verbal communication skills.	0	1	2	3	4	n/a

List 3 professional strengths in the counseling field you have.

List 2 improvement goals for yourself. Use the following SMART Goal Format-

**Lindenwood University  
Counseling Division**

**Pre-Service Counseling Candidate Disposition Concern Notification Procedures**

1. The pre-service counseling candidate will be given a copy of the Counseling Division Disposition Assessment Procedures including the “Pre-Service Counseling Candidate Disposition Assessment Timeline” and the “Pre-Service Counseling Candidate Disposition Assessment”. The student must sign this statement indicating that they understand the procedures as written.
  - a. Copies of the procedures will be available in the Counseling Division Office and with all Counseling Division advisors.
  - b. Pre-service counseling candidates will be informed of the dispositions, which will be assessed during their first class, IPC 51000 Foundations of School Counseling or 51100 Foundations of Professional Counseling. Candidates will be provided with a copy of the “Pre-Service Counseling Candidate Disposition Assessment”.
2. Signed statements will be kept in the pre-service counseling candidate’s Counseling Division file.
3. The pre-service counseling candidate may appeal admission and continuation decisions to the Assistant Dean of the Counseling Division. Appeals will follow the Lindenwood University appeals process.

I have received a copy of the Counseling Division Disposition Assessment Procedures including the “Pre-Service Counseling Candidate Disposition Assessment Timeline” and the “Pre-Service Counseling Candidate Disposition Assessment”. I have had the opportunity to discuss these procedures with my academic advisor and/or a faculty member of the Counseling Division.
