How to read the table
Example: There were 45 MA School Counseling graduates in 2024; 35 of them (78%) were employed in Missouri public schools the following year

Placement data are from the Missouri Department of Elementary and Secondary Education. Only completers employed in public Missouri schools are included in these data. Those employed in private schools or out of state are not included in these data. There may be a lag between the year of completion and the year of employment.
